FY2018 - Performance Measurement Module (Sys PM)

Summary Report for NC-504 - Greensboro, High Point CoC

Measure 1: Length of Time Persons Remain Homeless

This measures the number of clients active in the report date range across ES, SH (Metric 1.1) and then ES, SH and TH (Metric 1.2) along with their average and median length of time homeless. This includes time homeless during the report date range as well as prior to the report start date, going back no further than October, 1, 2012.

Metric 1.1: Change in the average and median length of time persons are homeless in ES and SH projects.
Metric 1.2: Change in the average and median length of time persons are homeless in ES, SH, and TH projects.

a. This measure is of the client's entry, exit, and bed night dates strictly as entered in the HMIS system.

	Universe (Persons)		Average LOT Homeless (bed nights)			Median LOT Homeless (bed nights)		
	Submitted FY 2017	FY 2018	Submitted FY 2017	FY 2018	Difference	Submitted FY 2017	FY 2018	Difference
1.1 Persons in ES and SH	2253	1988	67	71	4	42	47	5
1.2 Persons in ES, SH, and TH	2398	2117	84	87	3	55	56	1

b. This measure is based on data element 3.17.

This measure includes data from each client's Living Situation (Data Standards element 3.917) response as well as time spent in permanent housing projects between Project Start and Housing Move-In. This information is added to the client's entry date, effectively extending the client's entry date backward in time. This "adjusted entry date" is then used in the calculations just as if it were the client's actual entry date.

The construction of this measure changed, per HUD's specifications, between FY 2016 and FY 2017. HUD is aware that this may impact the change between these two years.

Measure 2: The Extent to which Persons who Exit Homelessness to Permanent Housing Destinations Return to Homelessness

This measures clients who exited SO, ES, TH, SH or PH to a permanent housing destination in the date range two years prior to the report date range. Of those clients, the measure reports on how many of them returned to homelessness as indicated in the HMIS for up to two years after their initial exit.

After entering data, please review and confirm your entries and totals. Some HMIS reports may not list the project types in exactly the same order as they are displayed below.

This is a new tab for FY 2016 submissions only. Submission must be performed manually (data cannot be uploaded). Data coverage and quality will allow HUD to better interpret your Sys PM submissions.

Your bed coverage data has been imported from the HIC module. The remainder of the data quality points should be pulled from data quality reports made available by your vendor according to the specifications provided in the HMIS Standard Reporting Terminology Glossary. You may need to run multiple reports into order to get data for each combination of year and project type.

You may enter a note about any field if you wish to provide an explanation about your data quality results. This is not required.

Excerpt from Greensboro Housing Authority Admission Preferences

5.2 PREFERENCES

Admission preferences will be consistent with all applicable Federal nondiscrimination and civil rights statutes and requirements. The Greensboro Housing Authority will select families based on the following preferences based on local housing needs and priorities. Applicants who reside or work in GHA's jurisdiction will receive priority in placement and selection from the waiting list. Disaster Victims who are Public Housing residents in another jurisdiction affected by a natural disaster mandated by the Department of Housing and Urban Development or victims impacted by a natural disaster, as designated by local, state or federal government, within the Greensboro Housing Authority's jurisdiction.

- A.
 - Families with an adult member employed full-time for the past 12 months (fulltime is at least 30 hours per week for tenant-based vouchers and 15 hours per week for project-based vouchers); and continuing. Graduates must be gainfully employed within a reasonable time frame.
 - Or, enrolled full-time in an accredited non-profit institution of higher education (university, college, or community college); Full-time students must have completed at least the first year of their academic requirements and continuing.
 - Or, enrolled in a job-training program, or a program that prepares someone for a job. Persons on job training or job readiness programs must complete at least 50% of their course work; and college graduates or graduates of job training or job readiness programs must be gainfully employed to receive this preference.
 - Or, if the head and spouse, or sole member is age 62 or older, or is a person with disabilities.
 - Or, families who are current participants in a Continuum of Care (CoC) sponsored homeless program and referred by the CoC or Veterans referred by the Veteran Administration may qualify for this preference. These families must be receiving documented supportive services and have been defined as chronically homeless individuals or families.
- B. Displaced person(s): Individuals or families displaced by public; or private action or natural disaster. This Preference includes individuals or families who have 6.0 Assignment of Unit Size (subsidy Standards) Page 32 Updated: July 1, 2018 HCVP Administrative Plan Greensboro Housing Authority received a written condemnation notice from the City of Greensboro indicating condemnation of their rental unit is imminent. Renters who damage the rental home or are otherwise responsible for causing the condemnation are not eligible for this preference.
- C. Applicants who satisfy preference criteria but who reside outside of GHA's jurisdiction. Those working in the GHA's jurisdiction can get a preference but not those attending school in Greensboro.
- D. Separate waiting lists are kept for families referred to GHA under special programs including the Family Unification, Mainstream Housing choice voucher, Shelter Plus Care, Designated Housing, Enhanced Subsidies for Housing Voucher Conversion actions, VASH, and GHA-RAD. The Greensboro Housing Authority will not deny a local preference, nor otherwise exclude or penalize a family in admission to the program, solely because the family resides in public housing. Applicants are responsible for notifying GHA in writing when the information they provided has changed. If a person who does not meet the residency preference at the time they apply subsequently moves to Greensboro, they must notify GHA of their change in address and provide proof of residency through such documents as rental lease or utility bills. If they meet the preference they will be repositioned on the waiting list.

5.3 SELECTION FROM THE WAITING LIST

Based on the above preferences, all families in the Disaster preference will be offered housing before any families in the preference A, all families in preference A will be offered housing before any families in preference B, and preference B families will be offered housing before any families in preference C, and so forth. The date and time of application will be utilized to determine the sequence within the above-prescribed preferences. Notwithstanding the above, if necessary to meet the statutory requirement that 75% of newly admitted families in any fiscal year be families who are extremely low-income (unless a different target is agreed to by HUD), the Greensboro Housing Authority retains the right to skip higher income families on the waiting list to reach extremely low-income families. This measure will only be taken if it appears the goal will not otherwise be met. To ensure this goal is met, the Housing Authority will monitor incomes of newly admitted families and the income of the families on the waiting list. If there are not enough extremely low-income families on the waiting list, we will conduct outreach on a non-discriminatory basis to attract extremely low-income families to reach the statutory requirement. When HUD periodically provides assistance targeted to specific groups or household categories, FUP, Welfare-to-Work, Shelter Plus, Designated Housing and Mainstream Housing Choice Voucher tenants will be considered in this category. GHA will use its waiting list to select families that fall into the specific targeted assistance categories.

If GHA has closed the housing choice voucher program waiting list, it must reopen the waiting list to accept a FUP, Welfare-to-Work, Shelter Plus, Designated Housing and Mainstream applicant family who is not currently on GHA's waiting list.

HOUSING AUTHORITY OF THE CITY OF HIGH POINT

Angela G. McGill
Chief Executive Officer

September 25, 2019

Mr. Brian Hahne
Executive Director
Partners Ending Homelessness
815 Phillips Avenue
High Point, NC 27262

Dear Mr. Hahne:

During FY 2018, the Housing Authority of the City of High Point (HPHA) had 4% Public Housing and 8% Section Housing Choice Voucher programs new admissions who were experiencing homelessness at entry.

The HPHA's preferences are as follow:

- Employed, elderly, disabled, or handicap
- Lives or Works within High Point Limits
- Meets HUD criteria for Chronic Homeless
- Pays more than 30% for housing costs
- Qualifies for emergency housing assistance
- Veteran or family of Veteran

The HPHA has adopted a homeless admission preference for Chronic Homelessness within the CoC's geographic area. In addition, the HPHA has 35 Veteran Administration Supportive Housing vouchers, and 50 Family Unification vouchers.

The HPHA's written policies on homeless admission preferences are:

- Chronic homelessness as defined by HUD Chronically homeless person as "either (1) an unaccompanied homeless individual with a disabling condition who has been continuously homeless for a year or more, OR (2) an unaccompanied individual with a disabling condition who has had at least four episodes of homelessness in the past three years."
- Chronic Homeless Persons with Case Management Support: Consistent with Partnering Ending Homelessness Plan to End homelessness. HPHA will give preference to families/individuals who are defined by HUD as chronically homeless. Referral must come from the agency providing the case management and individual/family must continue receiving regular on-site case management for at least one (1) year after receiving housing assistance.

HPHA provides annual Fair Housing training for all employees, Fair Housing posters are located in lobbies and applicable common areas, brochures are provided at the time of application and during Public Housing and Section 8 orientations and disseminated during housing counseling services to combat discrimination.

The HPHA's definition of displaced participants include families that have been determined to be emergencies as defined as displaced by disaster, such as fire or flood; displaced by government action; domestic violence; displaced to avoid reprisals; displaced by hate crimes, or further defined by Chief Executive Officer.

Welcome to the SPDAT Line of Products

The Service Prioritization Decision Assistance Tool (SPDAT) has been around in various incarnations for over a decade, before being released to the public in 2010. Since its initial release, the use of the SPDAT has been expanding exponentially and is now used in over one thousand communities across the United States, Canada, and Australia.

More communities using the tool means there is an unprecedented demand for versions of the SPDAT, customized for specific client groups or types of users. With the release of SPDAT V4, there have been more current versions of SPDAT products than ever before.

VI-SPDAT Series

The Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT) was developed as a pre-screening tool for communities that are very busy and do not have the resources to conduct a full SPDAT assessment for every client. It was made in collaboration with Community Solutions, creators of the Vulnerability Index, as a brief survey that can be conducted to quickly determine whether a client has high, moderate, or low acuity. The use of this survey can help prioritize which clients should be given a full SPDAT assessment first. Because it is a self-reported survey, no special training is required to use the VI-SPDAT.

Current versions available:

- VI-SPDAT V 2.0 for Individuals
- VI-SPDAT V 2.0 for Families
- VI-SPDAT V 1.0 for Youth

All versions are available online at

www.orgcode.com/products/vi-spdatt/

SPDAT Series

The Service Prioritization Decision Assistance Tool (SPDAT) was developed as an assessment tool for front-line workers at agencies that work with homeless clients to prioritize which of those clients should receive assistance first. The SPDAT tools are also designed to help guide case management and improve housing stability outcomes. They provide an in-depth assessment that relies on the assessor's ability to interpret responses and corroborate those with evidence. As a result, this tool may only be used by those who have received proper, up-to-date training provided by OrgCode Consulting, Inc. or an OrgCode certified trainer.

Current versions available:

- SPDAT V 4.0 for Individuals
- SPDAT V 2.0 for Families
- SPDAT V 1.0 for Youth

Information about all versions is available online at

www.orgcode.com/products/spdat/

SPDAT Training Series

To use the SPDAT, training by OrgCode or an OrgCode certified trainer is required. We provide training on a wide variety of topics over a variety of mediums.

The full-day in-person SPDAT Level 1 training provides you the opportunity to bring together as many people as you want to be trained for one low fee. The webinar training allows for a maximum of 15 different computers to be logged into the training at one time. We also offer online courses for individuals that you can do at your own speed.

The training gives you the manual, case studies, application to current practice, a review of each component of the tool, conversation guidance with prospective clients – and more!

Current SPDAT training available:

- Level 0 SPDAT Training: VI-SPDAT for Frontline Workers
- Level 1 SPDAT Training: SPDAT for Frontline Workers
- Level 2 SPDAT Training: SPDAT for Supervisors
- Level 3 SPDAT Training: SPDAT for Trainers

Other related training available:

- Excellence in Housing-Based Case Management
- Coordinated Access & Common Assessment
- Motivational Interviewing
- Objective-Based Interactions

- ageing out of care
- income and source of it
- safety planning
- mobility issues
- current restrictions on where a person can legally reside

Appendix A: About the VI-SPDAT

The HEARTH Act and federal regulations require communities to have an assessment tool for coordinated entry - and the VI-SPDAT and SPDAT meet these requirements. Many communities have struggled to comply with this requirement, which demands an investment of considerable time, resources and expertise. Others are making it up as they go along, using “gut instincts” in lieu of solid evidence. Communities need practical, evidence-informed tools that enhance their ability to satisfy federal regulations and quickly implement an effective approach to access and assessment. The VI-SPDAT is a first-of-its-kind tool designed to fill this need, helping communities end homelessness in a quick, strategic fashion.

The VI-SPDAT

The VI-SPDAT was initially created by combining the elements of the Vulnerability Index which was created and implemented by Community Solutions broadly in the 100,000 Homes Campaign, and the SPDAT Prescreen Instrument that was part of the Service Prioritization Decision Assistance Tool. The combination of these two instruments was performed through extensive research and development, and testing. The development process included the direct voice of hundreds of persons with lived experience.

The VI-SPDAT examines factors of current vulnerability and future housing stability. It follows the structure of the SPDAT assessment tool, and is informed by the same research backbone that supports the SPDAT - almost 300 peer reviewed published journal articles, government reports, clinical and quasi-clinical assessment tools, and large data sets. The SPDAT has been independently tested, as well as internally reviewed. The data overwhelmingly shows that when the SPDAT is used properly, housing outcomes are better than when no assessment tool is used.

The VI-SPDAT is a triage tool. It highlights areas of higher acuity, thereby helping to inform the type of support and housing intervention that may be most beneficial to improve long term housing outcomes. It also helps inform the order - or priority - in which people should be served. The VI-SPDAT does not make decisions; it informs decisions. The VI-SPDAT provides data that communities, service providers, and people experiencing homelessness can use to help determine the best course of action next.

Version 2

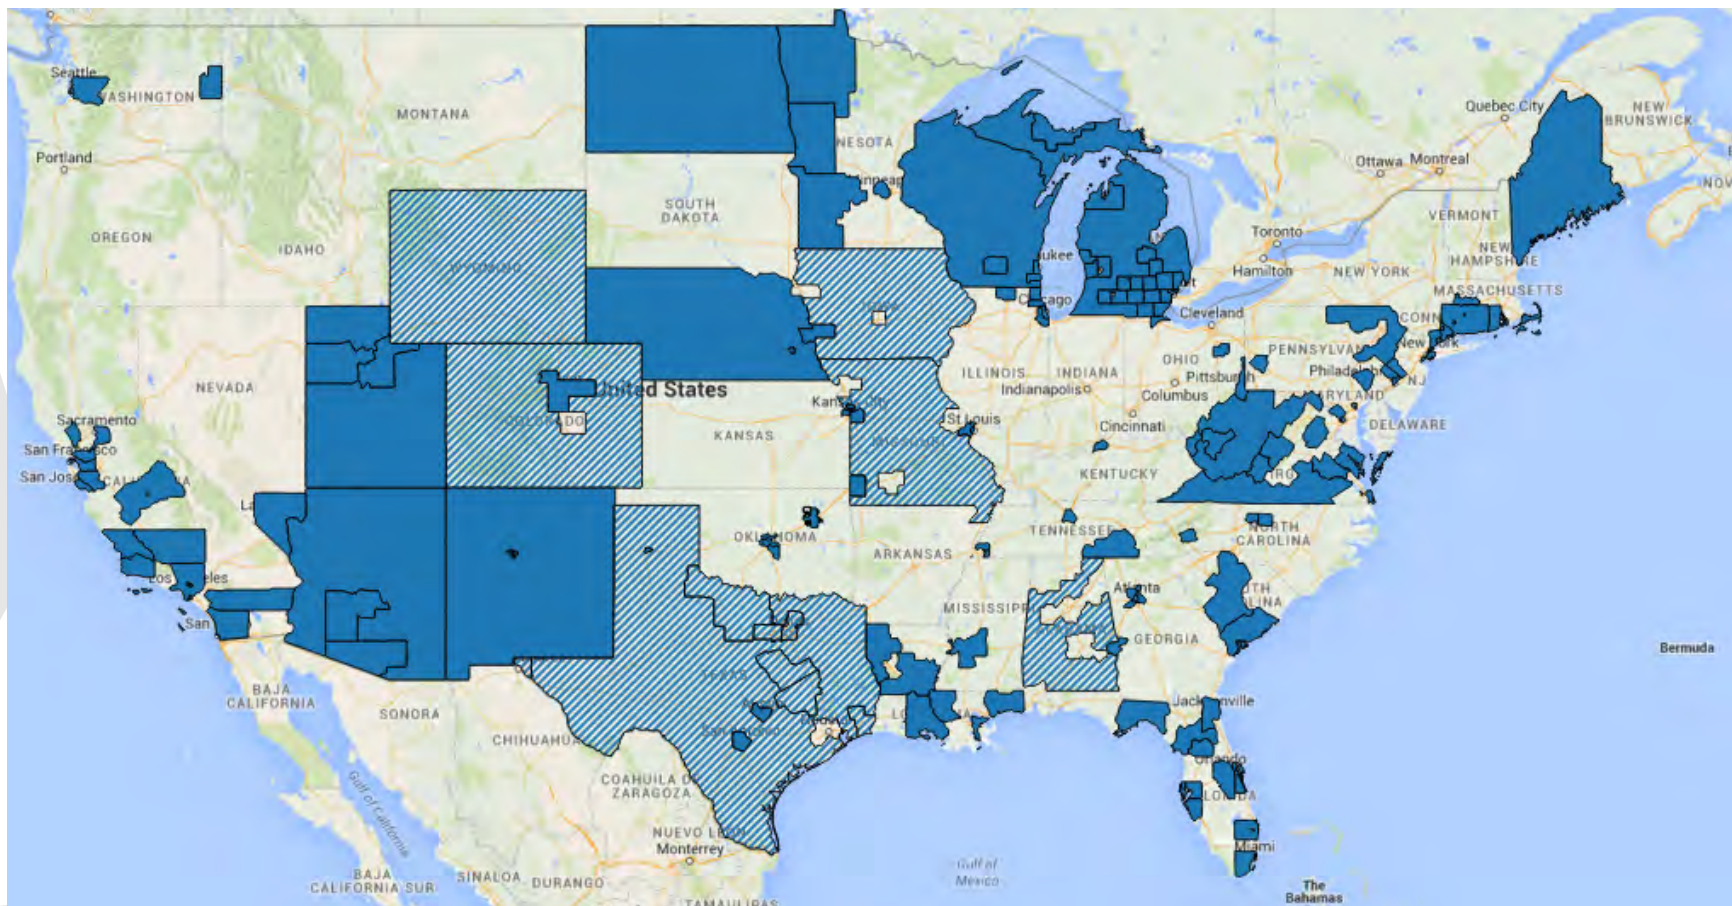

Version 2 builds upon the success of Version 1 of the VI-SPDAT with some refinements. Starting in August 2014, a survey was launched of existing VI-SPDAT users to get their input on what should be amended, improved, or maintained in the tool. Analysis was completed across all of these responses. Further research was conducted. Questions were tested and refined over several months, again including the direct voice of persons with lived experience and frontline practitioners. Input was also gathered from senior government officials that create policy and programs to help ensure alignment with guidelines and funding requirements.

You will notice some differences in Version 2 compared to Version 1. Namely:

- it is shorter, usually taking less than 7 minutes to complete;
- subjective elements through observation are now gone, which means the exact same instrument can be used over the phone or in-person;
- medical, substance use, and mental health questions are all refined;
- you can now explicitly see which component of the full SPDAT each VI-SPDAT question links to; and,
- the scoring range is slightly different (Don't worry, we can provide instructions on how these relate to results from Version 1).

Appendix B: Where the VI-SPDAT is being used in the United States

Since the VI-SPDAT is provided completely free of charge, and no training is required, any community is able to use the VI-SPDAT without the explicit permission of Community Solutions or OrgCode Consulting, Inc. As a result, the VI-SPDAT is being used in more communities than we know of. It is also being used in Canada and Australia.

Appendix A: About the VI-SPDAT

The HEARTH Act and federal regulations require communities to have an assessment tool for coordinated entry - and the VI-SPDAT and SPDAT meet these requirements. Many communities have struggled to comply with this requirement, which demands an investment of considerable time, resources and expertise. Others are making it up as they go along, using “gut instincts” in lieu of solid evidence. Communities need a practical, evidence-informed way to satisfy federal regulations while quickly implementing an effective approach to access and assessment. The VI-SPDAT is a first-of-its-kind tool designed to fill this need, helping communities end homelessness in a quick, strategic fashion.

The VI-SPDAT

The VI-SPDAT was initially created by combining the elements of the Vulnerability Index which was created and implemented by Community Solutions broadly in the 100,000 Homes Campaign, and the SPDAT Prescreen Instrument that was part of the Service Prioritization Decision Assistance Tool. The combination of these two instruments was performed through extensive research and development, and testing. The development process included the direct voice of hundreds of persons with lived experience.

The VI-SPDAT examines factors of current vulnerability and future housing stability. It follows the structure of the SPDAT assessment tool, and is informed by the same research backbone that supports the SPDAT - almost 300 peer reviewed published journal articles, government reports, clinical and quasi-clinical assessment tools, and large data sets. The SPDAT has been independently tested, as well as internally reviewed. The data overwhelmingly shows that when the SPDAT is used properly, housing outcomes are better than when no assessment tool is used.

The VI-SPDAT is a triage tool. It highlights areas of higher acuity, thereby helping to inform the type of support and housing intervention that may be most beneficial to improve long term housing outcomes. It also helps inform the order - or priority - in which people should be served. The VI-SPDAT does not make decisions; it informs decisions. The VI-SPDAT provides data that communities, service providers, and people experiencing homelessness can use to help determine the best course of action next.

Version 2

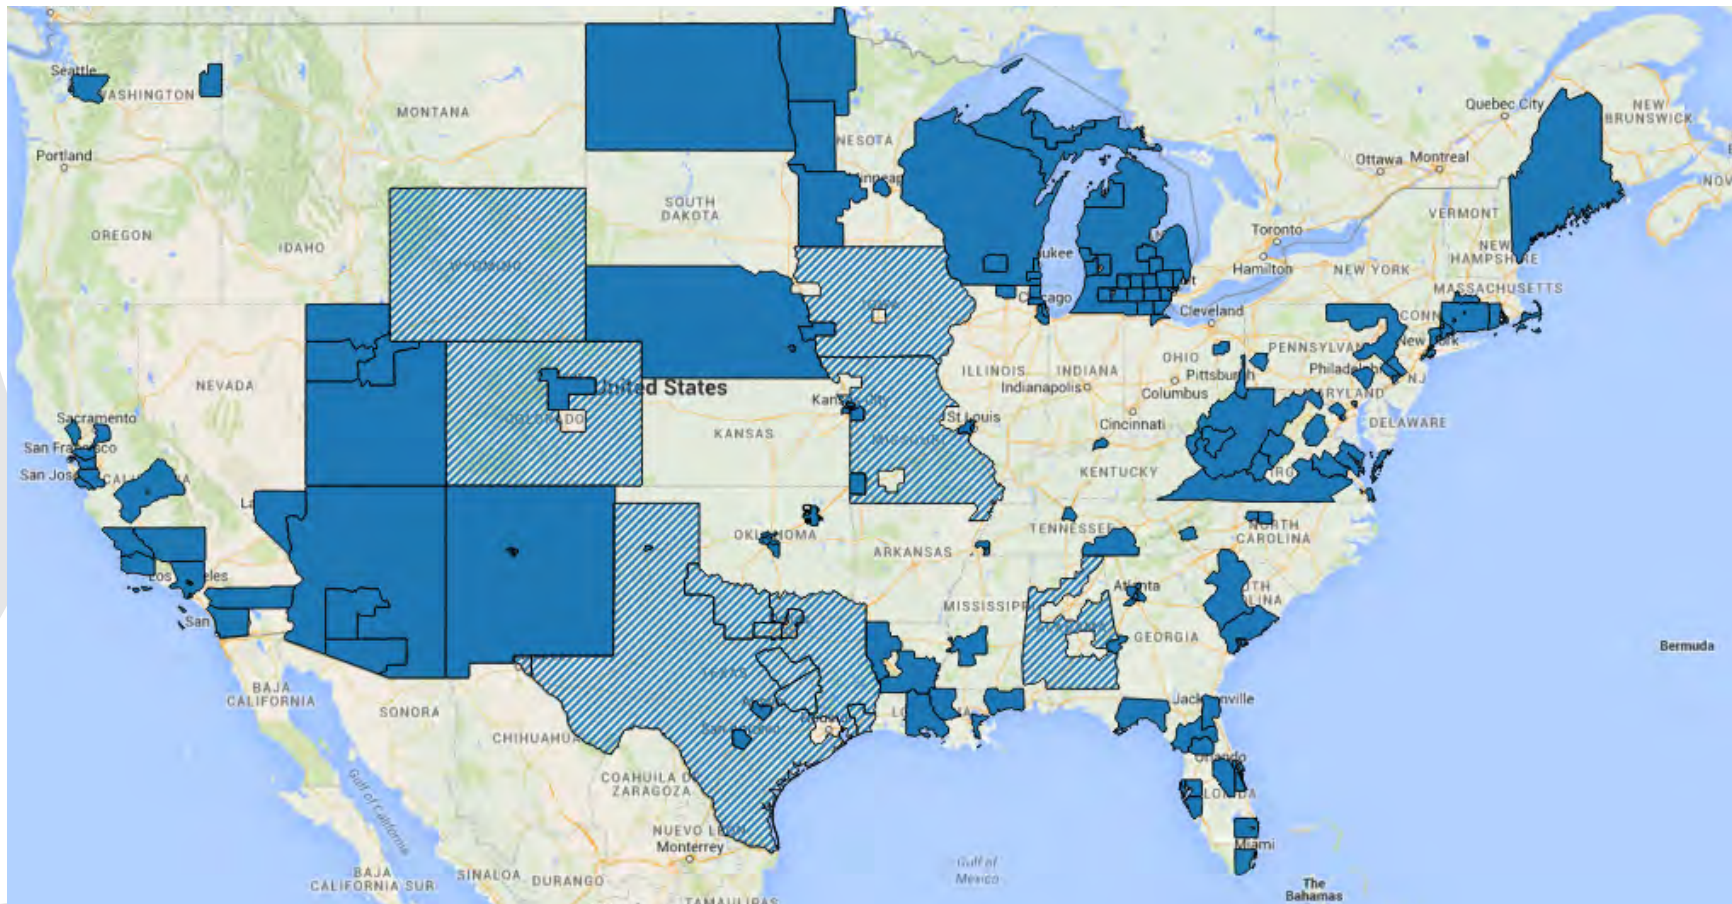

Version 2 builds upon the success of Version 1 of the VI-SPDAT with some refinements. Starting in August 2014, a survey was launched of existing VI-SPDAT users to get their input on what should be amended, improved, or maintained in the tool. Analysis was completed across all of these responses. Further research was conducted. Questions were tested and refined over several months, again including the direct voice of persons with lived experience and frontline practitioners. Input was also gathered from senior government officials that create policy and programs to help ensure alignment with guidelines and funding requirements.

You will notice some differences in Version 2 compared to Version 1. Namely:

- it is shorter, usually taking less than 7 minutes to complete;
- subjective elements through observation are now gone, which means the exact same instrument can be used over the phone or in-person;
- medical, substance use, and mental health questions are all refined;
- you can now explicitly see which component of the full SPDAT each VI-SPDAT question links to; and,
- the scoring range is slightly different (Don't worry, we can provide instructions on how these relate to results from Version 1).

Appendix B: Where the VI-SPDAT is being used in the United States

Since the VI-SPDAT is provided completely free of charge, and no training is required, any community is able to use the VI-SPDAT without the explicit permission of Community Solutions or OrgCode Consulting, Inc. As a result, the VI-SPDAT is being used in more communities than we know of. It is also being used in Canada and Australia.

A partial list of continua of care (CoCs) in the US where we know the VI-SPDAT is being used includes:

Date: August 21, 2019

Re: Your FY2019 HUD Continuum of Care Grant application

Program Name(s): HMIS-Expansion

Funding Amount Recommended: \$69,721

Changes to Application: none

Rationale: HUD requirement and performance scorecard

The System Performance and Evaluation (SPE) Committee of the CoC met on August 20, 2019, approved a scoring rubric for renewal projects (copy attached), reviewed project applications, and approved a recommendation (copy attached) for acceptance and ranking of CoC project applicants for the 2019 CoC Grant Competition.

The committee developed priorities, favoring projects that:

- are performing well on HUD's System Performance Measures;
- focus on serving those homeless subpopulations that have limited housing options (chronic, veterans, unaccompanied youth, families with children, and those experiencing domestic violence);
- maximize funding for the CoC by awarding bonus projects; and
- minimize the possibility of losing funding for renewals by ranking projects in Tier 2 or those that straddle the Tier1/Tier 2 funding line.

As in past years, HUD requires a performance review and ranking; hence the annual rating process. Contrary to past years, there were no reallocations.

It is also important to understand that the CoC could potentially lose funding, when renewal projects straddle the line. As the NOFA states:

"If a project application straddles the Tier 1 and Tier 2 funding line, HUD will conditionally select the project up to the amount of funding that falls within Tier 1 as stated above; and then, using the CoC score and other factors described in Section II.B.17. of this NOFA, HUD may fund the Tier 2 portion of the project. If HUD does not fund the Tier 2 portion of the project, HUD may award the project at the reduced amount, provided the project is still feasible with the reduced funding (e.g., is able to continue serving homeless program participants effectively)."

In short, there is no guarantee that projects with a partial funding request or entire funding request in Tier 2 will be awarded.

An appeals process, as approved by the SPE Committee and by the CoC Board is attached.

If you wish to appeal, please notify System Performance and Evaluation Committee Interim Chair Thanena Wilson by email thanena.wilson@highpointnc.gov, by 5 p.m. on Friday, August 23, 2019. Questions should also be directed to Thanena Wilson.

It is also important to understand that the CoC could potentially lose funding, when renewal projects straddle the line. As the NOFA states:

"If a project application straddles the Tier 1 and Tier 2 funding line, HUD will conditionally select the project up to the amount of funding that falls within Tier 1 as stated above; and then, using the CoC score and other factors described in Section II.B.17. of this NOFA, HUD may fund the Tier 2 portion of the project. If HUD does not fund the Tier 2 portion of the project, HUD may award the project at the reduced amount, provided the project is still feasible with the reduced funding (e.g., is able to continue serving homeless program participants effectively)."

In short, there is no guarantee that projects with a partial funding request or entire funding request in Tier 2 will be awarded.

An appeals process, as approved by the SPE Committee and by the CoC Board is attached.

If you wish to appeal, please notify System Performance and Evaluation Committee Interim Chair Thanena Wilson by email thanena.wilson@highpointnc.gov, by 5 p.m. on Friday, August 23, 2019. Questions should also be directed to Thanena Wilson.

Thank you for your active participation in our CoC and your partnership in building a robust housing system for all of the persons in our community who are experiencing homelessness.

Re: Your FY2019 HUD Continuum of Care Grant application

Program Name(s): HEARTH program

Funding Amount Recommended: \$123,640

Changes to Application: none

Rationale: preference for services to youth and performance scorecard

The System Performance and Evaluation (SPE) Committee of the CoC met on August 20, 2019, approved a scoring rubric for renewal projects (copy attached), reviewed project applications, and approved a recommendation (copy attached) for acceptance and ranking of CoC project applicants for the 2019 CoC Grant Competition.

The committee developed priorities, favoring projects that:

- are performing well on HUD's System Performance Measures;
- focus on serving those homeless subpopulations that have limited housing options (chronic, veterans, unaccompanied youth, families with children, and those experiencing domestic violence);
- maximize funding for the CoC by awarding bonus projects; and
- minimize the possibility of losing funding for renewals by ranking projects in Tier 2 or those that straddle the Tier1/Tier 2 funding line.

As in past years, HUD requires a performance review and ranking; hence the annual rating process. Contrary to past years, there were no reallocations.

It is also important to understand that the CoC could potentially lose funding, when renewal projects straddle the line. As the NOFA states:

"If a project application straddles the Tier 1 and Tier 2 funding line, HUD will conditionally select the project up to the amount of funding that falls within Tier 1 as stated above; and then, using the CoC score and other factors described in Section II.B.17. of this NOFA, HUD may fund the Tier 2 portion of the project. Hi there! I hope you are doing well. This is your first official CoC email from me for the 2019 CoC Application cycle.

Please find the attached project application timeline for the Guilford County CoC. Everything is very similar to prior years. Please make note of all the due dates and deadlines. They are going to come quickly.

E-snaps opened this week, so you should find all the HUD/e-snaps resources and access you need as you begin your work.

Please reach out to me via email or phone as you have questions. I will send updates as we go through the process and also let you know if there are dates that I may be unavailable. If you need me in a hurry, it is usually best to call or text. I will do my best to respond as quickly as possible.

I look forward to working with you over the next few months. Thanks so much for all you do!

2019 Partners Ending Homelessness CoC Grant Timeline for Guilford County CoC Project Applicants

HUD CoC NOFA Announcement: July 3, 2019
e-snaps Applications Available: week of July 8, 2019
HUD CoC Application Deadline: September 30, 2019

May 31 – September 30, 2019

Please note: Each year, the Continuum of Care NOFA (Notice of Funding Availability) is a little different. Please consult the CoC NOFA released by the U.S. Department of Housing and Urban Development (HUD) for all details regarding CoC project applications. Current CoC Program and 2019 Program Competition links are: <https://www.hudexchange.info/programs/coc/> and <https://www.hudexchange.info/resource/5842/fy-2019-coc-program-nofa/>. This timeline document serves as a guide for Partners Ending Homelessness staff, as well as for HUD CoC project applicants/grantees, and any changes/updates will be communicated to project applicants.

May 31, 2019

- Partners Ending Homelessness submits CoC System Performance Measures in HUD HDX.

June 4 – September 13, 2019 – Project Applicant Notification of Project Review & Selection Process (see Guilford CoC website for complete process timeline)

- As in previous years, project applicants will receive a copy of the 2019 CoC project scoring categories and process to be used by the CoC's System Performance and Evaluation Committee and Board. The documents were posted on the Guilford CoC website, and membership was notified on June 12, 2019. Updates to documents will be posted between July 15-19, and membership will be notified at that time. A training session will be scheduled for all project applicants.
- As part of project review, all agencies submitting a 2019 CoC Project Application will also be expected to complete a quick form developed by PEH, where they will attest that they are operating low barrier housing first programs and following CoC written standards for Coordinated Assessment and Rapid Rehousing. Project Applicants should also anticipate submitting other information to PEH if required by the 2019 CoC NOFA. More details will follow.

June 13, 2019 - Initial HUD CoC NOFA 2019 Information Meeting for Project Applicants at 11:30 am, Universalist Unitarian Church, Jamestown, NC (additional meetings may be scheduled – TBD)

July 12, 2019

- Jackie Hundt to send CoC NOFA tentative timeline to all renewal project applicants (CoC Grants email group created by PEH) and to new project applicants as they are identified.

July 12, 2019

- PEH issues RFP, which includes posting RFP and Project Applicant timeline on website.
- Project applicants can begin reviewing and updating their Applicant Profiles in *e-snaps*.

approximately July 8-24, 2019 – Review of HUD Details on CoC Project Application Process (*This is an estimate as some materials are not yet published.*)

- Review HUD details of CoC Project Application Procedures and Changes. See HUD links:
 - CoC Program and 2019 Program Competition: <https://www.hudexchange.info/programs/coc/> and <https://www.hudexchange.info/resource/5842/fy-2019-coc-program-nofa/>.
 - *e-snaps* training for project applicants: General information is located at <https://www.hudexchange.info/programs/e-snaps/>. As soon as HUD publishes the resources,

you will scroll down on this webpage to get to the “Updating CoC and Project Applicant Information” and “Submitting Applications for Project Funding” resources.

- Typically, detailed instructions for project applications are in *e-snaps* on the left-side gray bar.
- *e-snaps* web address: <https://esnaps.hud.gov/grantium/frontOffice.jsf>
- **Please begin working on your match letters. The letters must be dated within 60 days of the overall submission deadline.** *Please consult all HUD guidance and FAQs (searching with keyword “match”) on Match. Past instructions stated: “Match funds are acquired from sources outside of this grant’s funding request. The match information entered in e-snaps should be based on the **current commitments at the time of project application, covering the requested grant operating period (i.e., grant term), and NOT based on projections.** HUD expects the amount(s) listed on this screen to be accurate, with a commitment letter(s) in place that includes the amount(s) listed. Applicants should also review 24 CFR 578.73 and the FY 2019 CoC Program Competition NOFA for detailed information concerning Match.” You can provide a letter to document cash, in-kind goods/equipment, and in-kind property. You MUST provide an MOU to document in-kind services. The formatting of the letters and/or MOUs is important.*

Please refer to the NCEEH BOS Explainers document regarding Match if you need further guidance and make sure you follow the instructions on formatting. (Scroll down the page to locate the pdf which will be posted soon.) <https://www.nceeh.org/bos/currentcocapplication/>

Lastly, the letters/MOUs MUST be attached to your e-snaps project application.

July 26, 2019 – RENEWAL PROJECTS & NEW PROJECTS (from Bonus or Reallocated Funds)

- **Submit your Letter of Intent to PEH per the issued RFP.** Please follow any and all other local PEH application instructions and guidelines.
- Make sure SAM (formerly CCR) registration status is active. (<https://sam.gov/SAM/>)
- Make sure your agency has its DUNS.
- Make sure your Code of Conduct is on file with HUD. (https://www.hud.gov/program_offices/spm/gmomgmt/grantsinfo/conductgrants)
- **In addition to the Letter of Intent, provide PEH with the following hard-copy paper documents, 3-hole punched, in the order listed below, by July 26 at 5PM (High Point office, 815 Phillips Avenue).** If you have any questions, please contact Brian Hahne or Gwen Taylor. **The following list may be updated.**
 - Most recent IRS 990, as submitted to the IRS
 - Most recent audit report and auditor’s management letter
 - By-Laws
 - Articles of Incorporation
 - IRS 501(c)3 designation letter (status in place for at least one year prior to application deadline)
 - Current Board roster
 - Copies of organizational (not CoC project) budgets for last year, current year, and next year (if available)
 - Copies of Code of Conduct, Personnel Policies, Procurement Policies, Accounting Procedures for the Organization, and Conflict of Interest Policy (as applicable)
 - NC Solicitation license or exempt letter
 - Notarized statement of no overdue taxes
 - Renewal projects should submit verification of all project drawdowns during the past project year.
 - Most current APR on file with HUD Please indicate the date the APR was submitted.

July 15 -26, 2019 – Applicant Profile Updated/Completed in e-snaps (For HUD e-snaps resources, see <https://www.hudexchange.info/programs/e-snaps/>)

- Renewal Projects: Submit any HUD project amendments or grant adjustments that took place in the past 12 months to Jackie Hundt (ghundt@triad.rr.com).
- Review your Applicant Profile (424) folder in *e-snaps* and update details as necessary. This must be done before you create a project application. New Project Applicants can contact Jackie Hundt about getting set up in *e-snaps* and completing the Applicant Profile (424) folder.
- Links to the attachments/forms will be sent in a separate email.
- Please submit a PDF of the Applicant Folder (424) and all attachments in 424 and Project Application to Jackie Hundt (ghundt@triad.rr.com) for review.
- **IMPORTANT NOTE:** With regards to the attachments in the Applicant Profile (424) folder, please complete and/or attach all necessary documents per HUD requirements with appropriate details and dates. (For 2017, attachments were to be dated between July 1, 2017, and the deadline of September 28, 2017.) In the past, project applicants must have something attached in each upload spot in order to move forward in *e-snaps* and create a project application. HUD requires CoC Collaborative Applicants to certify that all attachments are accurate. Please review last year’s attachments and any corrections I emailed you, so all forms are consistent. Final budget amounts as approved by the CoC’s System Performance and Evaluation Committee and the CoC Board will be released as soon as available. Please proceed as usual, but expect that you may need to edit your attachments closer to the deadline. More details will follow. (Note: If there are corrections to any attachments, the Applicant Profile can be put in edit mode and new attachments can be uploaded.)

after July 26, 2019 or as needed

- One-on-one training/consultations on HUD CoC priorities and *e-snaps* for new and renewal applicants with CoC leadership, CA staff, and/or Jackie Hundt

on or before August 8, 2019

- Renewal Project Applicants will receive their performance data for review from Jackie Hundt, and they will have 2 business days to review and submit any corrections or questions to Jackie Hundt.

August 9, 2019 – RENEWAL and NEW Draft Project Applications Due in e-snaps

- In the past, Project Applicants must complete three steps to access the Project Application—complete the Project Applicant Profile, register for the correct Funding Opportunity, and create a Project (name the project as it is named in the GIW and import from last year’s renewal project). After doing so, the Project Application will appear on the "Submissions" screen.
- Open the “Submissions” folder, to locate your 2019 project application.
- Update and/or complete Project Applications in *e-snaps* per HUD instructions. Applicants should be able to import data from last year’s application, which will make the process go faster. (Note: If your project was new in 2018, then it will not import, so you will have to start from scratch with a 2019 renewal project form.) Please make sure the project name & number matches the name & number in the GIW and that the budget amounts are consistent with HUD-approved amounts (i.e., GIW) and/or CoC-approved amounts. Also, please review any corrections provided via email during the 2018 application review process by Jackie Hundt, so that the same mistakes are not made again. *Note: Remember the old project number imports, so you have to change it to the current one. Remember to edit the operating year, as the current year is what imports.*
- Email exported PDF of Project Application to Jackie Hundt (ghundt@triad.rr.com) for review.

August 10-23, 2019

- Partners Ending Homelessness, Jackie Hundt, and applicants to review Project Applications, Applicant Folder (424), and any attachments for necessary corrections.
- Project applicants will make corrections as needed and may enter final match amounts in project application. Please attach pdfs of all match letters.

estimated August 15, 2019

- System Performance and Allocations Committee meets to make recommendations for allocations and determine rank for new and renewal projects. As in the recent past, projects will be ranked in two tiers per HUD's instructions, and projects in Tier 2 could possibly lose funding.

estimated August 16, 2019 - September 4, 2019

- System Performance and Allocations Committee contacts project applicants regarding recommendations for allocations and rank for new and renewal projects.
- Project applicants may appeal.
- **CoC Board of Directors meets via special called meeting** to consider SPEC recommendations for project allocations and priority ranking.

August 26-29, 2019 – RENEWAL and NEW Final Project Applications Due in *e-snaps*

- **Submit the final Project Applications in e-snaps in order to meet the 30-day before CoC deadline requirement.** If there are corrections, then Jackie Hundt will send the application back to the applicant for edits. The timestamp of submission is what is critical. Updates and corrections can still be made.
- Email final exported PDFs of *e-snaps* CoC Project Application and *e-snaps* Applicant Profile and all associated attachments for Applicant Profile and Project Applications to PEH.
- Email PDFs of the match letters that are referenced and attached in your project application(s) to PEH.

September 5, 2019

- CoC Board of Directors makes Priority Listing recommendation to CoC Membership for their approval

September 12, 2019

- CoC Membership meeting to vote and approve final applications, allocation, and ranking
- PEH (Gwen) tally votes, notify Board and Jackie Hundt of results, notify membership in next newsletter

September 13, 2019

- At least fifteen days prior to CoC NOFA deadline, CoC Board will give official written notice given to all project applicants regarding final Priority Listing (acceptance/rejection/relocation).

September 16-20, 2019

- Partners Ending Homelessness staff, and Jackie Hundt as needed, review and complete all attachments and documents needed for HUD CoC Application.
- Partners Ending Homelessness staff post CoC Application in its entirety on website for public inspection per HUD NOFA requirements.

September 23-25, 2019

- Partners Ending Homelessness staff finalize CoC Application submission.

September 26, 2019 – Internal Continuum of Care Deadline

- Partners Ending Homelessness to submit CoC Application (which includes project priority list and project applications) to HUD at least 2 days prior to HUD CoC deadline (September 30, 2019).

FY 2019 HUD CoC NOFA RFP and Updated Documents

The 2019 HUD CoC NOFA (Notice of Funding Availability) opened July 3, 2019 and is now available in ESNAPS. Your Guilford County CoC System Performance and Evaluation Committee (SPEC) and Board of Directors, along with Jackie Hundt (our NOFA consultant), and the PEH staff are working to stay "ahead of the game" in this intricate, very important process.

Please visit either the Guilford CoC website or the Partners Ending Homelessness website to view the Request for Proposals (RFP) and print these documents.

[Partners Ending Homelessness website](#)

As always, the CoC is open to consideration of new projects and agencies that meet the criteria listed in the RFP and fill unmet needs in the Guilford County system to end and prevent homelessness.

County Continuum of Care Addresses Georgetown Manor and Alleged Medicaid Scheme

Guilford County Continuum of Care (Guilford County CoC) members are saddened to hear about the horrible conditions and alleged abuse of clients occurring at the Georgetown Manor and other facilities managed by United Youth Care Services, Ready 4 Change, and their related companies.

Our sympathy goes out to all the families effected, and we hope for a quick resolution to these issues. We are thankful for the Greensboro Housing Coalition, the Interactive Resource Center, and other partners for stepping in to help relocate families whose electricity has been shut off by the agencies. We are incredibly thankful for the clients who were willing to take the risk of speaking out and drawing attention to these issues so that we - as a community - can address them.

"What we need is long-term, permanent housing that we can afford, protections for renters and healthcare that works for people," says Zalonda Woods, a former client of United Youth Care Services. She was accepted as a member of the Guilford CoC while still at United Youth Care Services, and now serves on the CoC's Strategic Planning Committee.

"Our friends experiencing homelessness as well as struggling with mental health and substance abuse are some of the most vulnerable in our community. They deserve the highest quality treatment and care we can offer. As a CoC, we are setting the bar high for our agencies because the people we serve deserve quality health care as well as safe

Subject: 2019 CoC Application - Update #3 - Draft Project Applications due 8/9 in esnaps
Date: August 6, 2019 at 6:58 AM
To: CoC Grants hagrants@partnersendinghomelessness.org

Dear NC-504 (Greensboro/High Point/Guilford) CoC Project Applicants:

Hi there! This is Update #3, and I simply wanted to remind you that DRAFTS of all project applications need to be in e-snaps by Friday, August 9 at 5PM. If you have already completed your draft project application in e-snaps, then thank you.

Most of the steps of the application process are in our timeline that was attached to email Update #1. Please make sure the requested amount matches the Annual Renewal Amounts in the GIW. (Link to this provided in Update #2.) The work will be easy for renewals since you get to import data from the prior year's renewal project. If your project was "new" last year, then you are unable to import.

I am in the office this week, so feel free to email or call if you need assistance. Make sure you export pdfs of both the Applicant Profile folder and the Project Applications.

Thanks a ton!

Jackie Hundt

FY 2019 HUD CoC NOFA Documents Approved & Published

The 2019 HUD CoC NOFA (Notice of Funding Availability) is expected to open any day now. Your Guilford County CoC System Performance and Evaluation Committee (SPEC) and Board of Directors are working to "get ahead of the game" this year. Please visit either the Guilford CoC website or the Partners Ending Homelessness website to view and print various documents related to the application funding and ranking process. Consideration of these documents will be an item of business at the CoC Annual Meeting on Thursday.

[Partners Ending Homelessness website](#)

The CoC will post the official Request for Proposals (RFP) on these sites as soon as the official NOFA is published and reviewed for FY2019 changes.

As always, the CoC is open to consideration of new projects and agencies that meet the criteria listed in the RFP and fill unmet needs in the Guilford County system to end and prevent homelessness.

Youth Focus Will Be Joining Alexander Youth Network to become North Carolina's Premiere Provider of Children's Mental Health Services

Guilford County-based mental health provider, Youth Focus, has entered into an intent to combine with Alexander Youth Network, based in Charlotte, NC, to provide comprehensive mental health services to children across North Carolina. The combined organization will be known as Alexander Youth Network and will better position both agencies for the value-based managed healthcare environment and Medicaid reforms underway in North Carolina.

"Now, more than ever, it's important for organizations to be more comprehensive and able to integrate physical and mental health services," stated Alexander CEO Craig Bass. "We have to ensure we're getting kids into services when they need them, where they need them, and how they need them to achieve long-term healing. Joining with Youth Focus gives us a competitive advantage to serve more children, be more streamlined in our delivery of services, and continue enhancing our capabilities."

Youth Focus and Alexander Youth Network share many similarities. Both organizations have psychiatric residential treatment programs. Youth Focus' program serves adolescents ages 13-17 while Alexander's residential program serves children ages 5-13. Both agencies provide Therapeutic Foster Care, Day Treatment, Intensive In-Home, and outpatient treatment for children and youth. Youth Focus offers substance use treatment in outpatient and residential settings, as well. Additionally, both agencies offer crisis shelters, temporary housing services, and Safe Place programs. Alexander provides these services in Charlotte via its

County Continuum of Care Addresses Georgetown Manor and Alleged Medicaid Scheme

Guilford County Continuum of Care (Guilford County CoC) members are saddened to hear about the horrible conditions and alleged abuse of clients occurring at the Georgetown Manor and other facilities managed by United Youth Care Services, Ready 4 Change, and their related companies.

Our sympathy goes out to all the families effected, and we hope for a quick resolution to these issues. We are thankful for the Greensboro Housing Coalition, the Interactive Resource Center, and other partners for stepping in to help relocate families whose electricity has been shut off by the agencies. We are incredibly thankful for the clients who were willing to take the risk of speaking out and drawing attention to these issues so that we - as a community - can address them.

"What we need is long-term, permanent housing that we can afford, protections for renters and healthcare that works for people," says Zalonda Woods, a former client of United Youth Care Services. She was accepted as a member of the Guilford CoC while still at United Youth Care Services, and now serves on the CoC's Strategic Planning Committee.

"Our friends experiencing homelessness as well as struggling with mental health and substance abuse are some of the most vulnerable in our community. They deserve the highest quality treatment and care we can offer. As a CoC, we are setting the bar high for our agencies because the people we serve deserve quality health care as well as safe

Wednesday July 24th, 1:00 pm - 2:30 pm

Greensboro Public Library, Central Branch

219 N Church St, Greensboro, NC 27401

July is Minority Mental Health Awareness Month, and this month we'll be

joined by speakers from Elon University and the Center for New North Carolinians to bring awareness to the unique struggles that underrepresented groups face in regard to mental illness in the United States.

Diving Into Diagnosis is a series of free workshops for the public that each highlight a specific mental health challenge, its symptoms, treatment, and how it can affect you or your loved ones. Brought to you by Mental Health Greensboro's GROW and the Greensboro Public Library.

These workshops are held on the fourth Wednesday of each month, from 1:00 pm – 2:30 pm at the Greensboro Public Library.

Maximizing Office 365

- Learning objectives - Understanding Office 365 and the productivity tools included as part of the Office 365 subscription models. This presentation goes beyond the typical Word, Excel and PowerPoint application basics. We cover tips to enhance productivity on a daily basis that are not commonly used, such as configuring Outlook for maximum efficiency, working with One Note, One Drive, Microsoft Teams, MilleO and Bookings, etc.
- Levels - Beginner to intermediate. Should already be familiar with basic use of Word, Excel, PowerPoint. This is not a How To class on general use such as how to create a Word doc, etc. This is more of a How to Maximize Your Office 365 Subscription seminar.
- Target Audience - Anyone who uses Office 365 and would like enhance productivity and collaboration. This seminar may also appeal to those that are considering an Office 365 subscription and want to understand all that would be available as a subscriber. We will also share some of our favorite tips and tricks for Office users

Session is free or lunch may be purchased. Must be a staff or board member of Consortium member organization to attend.

Presenters: Ethan Farlow and Rafe Martin

2019 Guilford County CoC System Performance and Evaluation Committee Scoring Summary for CoC-Funded Renewal Projects

This scoring summary was revised to align with updated HMIS reports and reporting practices, and sources for all data are referenced herein. For the 2019 CoC rating process, the System Performance and Evaluation Committee will use project data from October 1, 2017 to September 30, 2018, and the prior Federal FY when applicable, for all CoC-funded projects. In advance of the scoring process, all CoC Project Applicants must submit their Eligibility Documents to the Collaborative Applicant (PEH) for review by the System Performance and Evaluation Committee and meet the CoC's Threshold Requirements (scored as pass/fail).

GUILFORD CONTINUUM OF CARE (CoC) 2019 NOTICE OF FUNDING AVAILABILITY (NOFA)

Methodology for assigning scores for new project applications

APPROVED BY System Performance and Evaluation Committee on 05.23.19 for recommendation to CoC Board of Directors

ADOPTED BY CoC Board of Directors:

- 1) Each performance measure will be scored with a goal of placing an equal number of projects in four, tiered categories.
- 2) To that end, projects will be scored in relation to each other as follows*:
 - Step 1: All responses will be placed in numerical order.
 - Step 2: The ranked list will then be broken down into 4 groups**
 - Step 3: Projects will be assigned score according to the group they are in. The highest group numbers will receive max points. The next group will receive 75% of max score. The third group will receive 50% of max score. The final group will receive 25% of max score.
- *For exits to PH, project will be scored with same PH component (RRH or PSH)
- ** If the total number of projects responses is not divisible by 4, then excel will perform a statistical analysis and group projects into quartiles based on a bell curve methodology.
- Note: Rounding principals will be utilized if response is not a whole number: down for .49 or under; up for .50 or higher.
- 3) Each question with a narrative response will be assigned a score (up to the maximum score available) by review committee members. The average of the assigned score will be used on the overall project scorecard.
- 4) Project Effectiveness Component on renewal scorecard will not be scored during this completion. Information collected will be utilized to provide baseline data.

Hello!

1) Each of you with CoC renewal projects will be receiving individual emails this afternoon with the official SPEC Scoring Summary document and drafts of your project performance data and points for your CoC Renewal Project(s) to review for accuracy. Please attend to the detail in the email and get back to me by Monday at 5PM.

2) I am sending my Update #3 message again (pasted below) to remind you of tomorrow's deadline. Please make sure you send your drafts to me tomorrow. Also, if you don't have your signed match letters in hand, then simply put the source and amount you are expecting in the chart in esnaps.

3) I thought there was a three, but it escapes me!

Thanks, Jackie

*****PASTE of Update #3

Dear NC-504 (Greensboro/High Point/Guilford) CoC Project Applicants:

Hi there! This is Update #3, and I simply wanted to **remind you that DRAFTS of all project applications need to be in e-snaps by Friday, August 9 at 5PM**. If you have already completed your draft project application in e-snaps, then thank you.

Most of the steps of the application process are in our timeline that was attached to email Update #1. Please make sure the requested amount matches the Annual Renewal Amounts in the GIW. (Link to this provided in Update #2.) The work will be easy for renewals since you get to import data from the prior year's renewal project. If your project was "new" last year, then you are unable to import.

I am in the office this week, so feel free to email or call if you need assistance. Make sure you export pdfs of both the Applicant Profile folder and the Project Applications.

Thanks a ton!

Note: PEH is receiving both full spreadsheets with all projects. Please check behind me on all the agency emails and make sure they were delivered to the right people.

Good afternoon! I wanted to give you a chance to review your renewal project performance data before the SPE Committee meets next Thursday. There are two tabs in the excel spreadsheet, one with data and the other with the associated points scored. If you see anything that looks off, then please let me know as soon as possible and no later than 5PM on Monday, August 12. Typos and mistakes can happen, but I shoot for perfection. I also have to give this another review.

Please know the data I compile comes from HMIS reports, which Debbie so graciously runs, and also from the administrative review that PEH provides when you submit your eligibility documents. You can see explanations, data sources, and the scale for points on outcomes for all of the metrics in the Scoring Summary document, which was posted on the website earlier this summer and is also attached here.

Also, please remember the projects' scores often range widely. Last year the scores ranged from 47.58% - 100% with an average of 75.44%. This year the scores range from 52.24 - 100%, with an average of 78.88%. The 100% goes to HMIS, because it has no client performance outcomes, and new projects that haven't started collecting data also often do well. At any rate, please don't apply a traditional grade school A, B, C, D, F scale to your project's performance. The scores are simply used to see how they perform relative to one another.

Thanks for taking a minute to check this out! If you see anything with yellow highlights, it means I am still in the process of resolving with PEH and decisions may fall to the SPE Committee.
