

**Attention Active and Retired Service Personnel, time to put those boots back on.... Cowboy boots that is..... and join us here at the HORSEPOWER Veterans Program**

HORSEPOWER has designed a program utilizing the Power of the Horse. It's a great chance to learn some valuable things about yourself and meet some new friends both human and equine.

The program has 3 levels to suit almost everyone and is conducted here at our 53-acre home using some of our 19 horses and is led by two of our top instructors. You will learn how to interact with one of the most amazing animals, the horse, and experience their gift of bonding and their ability to teach and make us better. This experience is like nothing you have ever done before.

***So, get back on deck and come out and join us.***
