

CONSERVATION PROGRAMS 2024

**Accepting Applications for all programs until
September 13, 2024.**

We are now accepting applications for all programs! The cutoff date for applications will be Sept. 13, 2024. Please apply as soon as possible so they can be ranked for consideration. Applications can be found on our website:

[Soil and Water Conservation | Guilford County, NC \(guilfordcountync.gov\)](https://www.guilfordcountync.gov)

NCASP

Currently \$62,747 is available along with technical assistance for installing conservation Best Management Practices (BMPs) that address nonpoint source pollution on agricultural lands. This is a water quality based program.

AgWRAP

AgWRAP is a voluntary program designed to help identify opportunities to increase water use efficiency, availability and storage. This program aims to implement conservation measures that improve water use efficiency while increasing water storage and availability for agricultural purposes.

CCAP

ACCAP is a voluntary incentive program designed to improve water quality and quantity through the installation of various best Management practices on urban and suburban lands not directly involved with agriculture production. (Regional deadline 9/4)

VAD

Voluntary Agricultural District is a free, voluntary program for farm owners of 20 acres of forestland, 10 acres congruous acres of farmland or 5 acres of horticultural land. Landowners commit to enhance their agriculture community by preserving and protecting farmland from non-farm development.

** Rolling Application—no deadline*
