

Health Care Services

Many of the services listed below are provided free or at reduced cost. Eligibility varies per program. Please contact the program directly to see if you meet the criteria.

Dental Health Services

- **Dental Care Services** - Healthy teeth are an important part of healthy bodies. Our Dental Clinic staff provides exams, treatment, cleanings and emergency care for financially eligible children (up to age 21) with Medicaid or Health Choice insurance and pregnant women who have Medicaid. Greensboro: 641-3152
High Point: 641-7733

Nutrition Services

- **Women, Infants and Children (WIC)/Nutrition Program** – Our Women, Infants and Children (WIC) program provides a nutritional assessment, personalized education and food vouchers to eligible participants, breastfeeding support and loaner breast pumps. Greensboro: 641-3214 High Point: 641-7571

Reproductive Health Services

- **Family Planning Services** - Any resident of North Carolina may receive family planning services in our clinics. Charges are based on income and number of dependents. All services provided are strictly confidential regardless of the age of the patient. Parental involvement is encouraged with minors, but not required. Free condoms are available in our clinic. We offer a full range of family planning services, including birth control; physical examination; Pap smear; health education; short-term counseling; laboratory tests (through our in-house laboratory); pregnancy tests; counseling and referral for male/female sterilization; adult immunizations; HIV testing and counseling; sexually transmitted infection testing and counseling; initial and annual exams with screening for high blood pressure, diabetes and anemia; and vaginitis and urinary tract infection screening and treatment.
Men are also encouraged to participate in our program. Men can receive information on reproductive health issues that affect them. Greensboro and High Point (English and Spanish): 641-3245
- **Maternity Services** – Any female resident of North Carolina may receive maternity services at Guilford County Department of Public Health. We accept Medicaid, Presumptive Medicaid or charge a sliding scale fee (based on family size and income). You may qualify for our special maternity care program (Adopt-A-Mom). Maternity/prenatal care services include physical examination; laboratory tests; prepared childbirth classes; parenting classes; supportive counseling; nutrition counseling/assistance; breastfeeding education; home visits; Pregnancy Care Management; adult immunizations; HIV testing and counseling; sexually transmitted infection testing and counseling; and substance abuse counseling.
Greensboro and High Point (English and Spanish): 641-3245
- **Pregnancy Care Management** - Pregnancy Care Management provides case management services to assist Medicaid eligible pregnant women in finding services to meet their needs throughout pregnancy and at least two months after delivery. We also offer parenting and prepared childbirth classes, home visits during your pregnancy and within one week of delivery, and referral to resources you may need.
Greensboro: 641-3700 High Point: 641-7641

- **Guilford County Coalition on Infant Mortality** - The Guilford County Coalition on Infant Mortality is a nonprofit organization housed within the Guilford County Department of Public Health. The Coalition's goal is to ensure that babies in Guilford County are born healthy and thrive beyond their first year of life. The Coalition works to eliminate infant death and disability through community education and involvement. Our Adopt-A-Mom Program coordinates prenatal care with private OB-GYNs for pregnant women who do not qualify for Medicaid and do not have private insurance to cover the cost of prenatal care. Adopt-A-Mom: 641-7513. For general information about the coalition: 641-6775.
- **Immunizations** - We provide immunizations for children and adults. Charges for vaccinations vary. Greensboro and High Point (English and Spanish): 641-3245
- **International Travel Services** - We offer travel services for individual vacationers, business travelers, church groups and missionary teams. Services include immunizations, international certificate of vaccination, malaria prevention medication and travel consultation. Consultations are with extensively trained and experienced nursing staff and include travel packets of reference information and the most current travel information from the Centers for Disease Control and Prevention (CDC) and the World Health Organization (WHO). Greensboro and High Point (English and Spanish): 641-3245
- **HIV and Sexually Transmitted Infection Counseling and Testing** - We offer free and confidential testing and treatment for syphilis, gonorrhea and chlamydia, as well as HIV testing and referral services. Greensboro and High Point (English and Spanish): 641-3245
- **Medication Assistance Program (MAP)** - The Medication Assistance Program (MAP) provides free or low cost medications for chronic diseases for the uninsured and underinsured. A pharmacist will review your medications and check for medicines that should not be taken together, similar medicines, less expensive alternative medicines and to see if you are taking more medicines that you may need. The pharmacist will then help you decide which services are best to help you manage your drug costs. The services are free for residents with chronic diseases and who meet eligibility guidelines. Greensboro: 641-8030
High Point: 641-7620
