HECTOR A. RIVERA County Manager

SHERRY S. MARSH Deputy County Manager

JOHN W. SHORE Deputy County Manager

May 26, 1994

The Honorable Wallace C. Harrelson, Chairman Members of the Board of County Commissioners 301 West Market Street Greensboro, N. C. 27401

Dear Commissioners:

I submit to you Guilford County's operating budget for 1994-95 in the amount of \$280,455,615, which maintains the 1993-94 tax rate of \$0.7899. I want to thank you as a Board for giving me such explicit and unanimous guidance at our Bur-Mil retreat. There you asked me to take the following into consideration:

- Hold the line on taxes while maintaining a prudent approach to public finance.
- Continue to expand the tax base through responsible economic development via a formal methodology and an amount for incentives that is measurable.
- Examine critically our human services functions for accountability, duplication, and simplification, with an eye toward enhancing quality and coordinated services to the customers.
- Continue the County's leadership role in intergovernmental services via "shared services" with its six cities and towns.
- Enhance public safety in the unincorporated area through the Sheriff's Department.

These policy parameters of the Board were complemented with my administrative initiatives in tightening the ship and promoting "more steering and less rowing" among department leadership. Some program enhancements reflected in the budget document are:

- Greater attention to environmental concerns through the development of a unitary model to address the problem of underground water contamination and the threat it poses to our citizens.
- A collaborative human services initiative among the public and private sectors, United Ways, and the schools to establish an Office of Children's Services that is guided by cooperative policy directives developed by the full range of participants.
- Enhanced Geographic Information Service capabilities that will afford greater assistance to the Tax Department through the capability of generating computerized tax maps.
- Reductions in customer waiting time in the development permitting process.
- An ongoing program of downsizing the County's mainframe computer system through the establishment of local area networks and other PC options.
- Broadened capabilities for the Office of Budget and Evaluation to engage in program evaluation, benchmarking, and grants monitoring.
- Enhancement of human services programs, most notably in the establishment of initiatives designed to address more fully the needs of foster care clients.

• Improvements in the area of public safety, including an increase in Sheriff's Department patrol officers in the unincorporated area; consolidation of animal control activities with the Cities of Greensboro and High Point, which is scheduled to take effect in the fall of this year; improvements in the staff/student ratio at the Juvenile Detention Center; enhancement of security for the courts and other County facilities; and the exploration of options to maximize the utilization of the Prison Farm.

Staff from throughout the organization have devoted a tremendous amount of time, effort and imagination to create the mechanisms which have enabled us to approach the budget process on a much firmer footing than has been the case in the past. A comprehensive vulnerability audit yielded a wealth of information on areas of potential loss or liability, and corrective measures have been set in place to minimize the adverse financial impact that might otherwise have come to bear.

One concern expressed by the Board was the need for uniform criteria to evaluate requests for County funds, coupled with a vehicle that would ensure greater accountability for the manner in which such monies were used. In response, we have developed parameters to assess funding requests and monitor expenditures in areas such as economic development, community-based organizations, and capital improvements. The recommendations contained in your budget package reflect the application of these benchmarks and afford the Board with greater assurance that such appropriations will yield maximum return on our investments.

Intergovernmental cooperation and the potential for shared services is another area we have explored in great detail over the past few months. This work culminated in an historic meeting in early May, where elected officials from the seven jurisdictions within Guilford County gathered to receive a progress report on joint undertakings in a number of service sectors. Significant progress has been made in pursuing a joint comprehensive planning process, and the recently approved 800 MHz radio system will facilitate communications among the County, Greensboro and High Point. I am very happy to say that the recommended budget incorporates cooperative endeavors in these and several other fields. County staff continue to work with their municipal counterparts to devise strategies for implementation in additional areas.

As always, funding for public education was of foremost concern during the budget process. In this area, we are recommending an operating allocation that reflects no increase over the amount the schools received last year. It should be stressed that this has been made possible through the open and cooperative working relationship that has evolved among County government, school administrators, and the Board of Education. Under the provisions of the merger legislation, the schools are entitled to receive a total of \$18 million more than has been requested by the Board of Education last year and this year. Additionally, the budgets for the merged system in the last two years have been lower than the combined budgets of the three systems in the year preceding consolidation. Through cooperation, innovation, and an ongoing sensitivity to the fiscal realities with which this Board must deal, the schools have worked with us to forge a partnership based on candor, trust, and common vision. School Superintendent Dr. Weast, Board Chairman John Kernodle, and their associates are to be commended for their willingness to work with us as we all pursue the goal of excellence in our public schools in a globally interconnected society. It must be noted that this budget does not address capital needs identified by the Board of Education which go beyond those covered by sales tax and other state revenues designated for this purpose. Nonetheless, the Commissioners do retain some options in this area, and they will be discussed later in this document.

In the area of human services, this budget continues to build on the investment the Board made last year by maintaining the program levels presently in place. Additionally, it sets into motion the structural reform identified by the Board as one of its goals during the January retreat. The team approach undertaken by Public Health, Mental Health and Social Services during the process of budget preparation has already developed five collaborative strategies that will be implemented in the coming year, including a universal intake system that will be more responsive to the needs of our customers and will reduce significantly the duplication of client information among these agencies.

This cooperative approach will continue to grow in human services, as it will among the other teams established by our new operational format, with the end result being an improvement in service delivery and a maximized return on each tax dollar invested. We are committed to enhanced customer service through simplified procedures and reduced waiting times, and the team concept will empower our employees to becomes positive agents for change and efficiency.

At the same time, we must be responsive to the needs of our staff if we expect them to participate fully in meeting the needs of the organization. Through my series of meetings with over 600 employees of this County, I heard a very clear message on the issues that are of greatest concern to them. In response to that dialogue, this budget will set about the task of addressing their needs. In the process we will deal with the issues of the work environment and the need for greater security in County facilities. We will reassess the employee benefit package to make sure that it meets their changing needs, and we'll refine the merit system to ensure that it is truly a vehicle to reward the innovative and entrepreneurial ideas that we expect from our employees. Finally, we will improve the opportunities for professional training to afford our people with broader options for career and personal development. Our employees are our greatest natural resource, and as they grow and develop, so will our organization move forward to meet the challenges which lie ahead.

As per the Board's directive, the budget presented to you of \$280,455,615 maintains the existing tax rate of \$0.7899. Growth in our tax base and other revenue sources such as sales tax has permitted the preserving of the tax rate and the meeting of the policy objectives I have outlined, while still leaving a residual unallocated balance of \$8,275,000. A formal policy on the undesignated fund balance is attached for your review and Board vote as part of the Budget Ordinance. This residual amount affords the Board several policy options which I present for your consideration:

- Enhancement of the fund balance position by applying some or all of the residual monies toward it.

 This budget establishes an unappropriated fund balance of 11%, and these residual monies could be utilized to move toward the 13% benchmark among metropolitan counties in this state. Increasing our financial capacity in this way would bring us closer to attaining the AAA bond rating we desire.
- Utilization of the residual funds to offer tax relief via a reduction in Countywide taxes.
- Acceleration of the capital improvements plan on approved capital construction projects.
- Consideration of addressing new capital needs that are unapproved and unfunded, such as the challenges that the Board of Education has identified. This would enable the schools to begin work on their most pressing needs.

The departments and administration have attempted to "stay the course" in the preparation of this budget, my first one to you after a seven-month tenure as your County Manager. In addition, we have striven for creativity, a customer-oriented focus, enhanced productivity, and a sense of new hope, or "Nueva esperanzal," as one empowered employee, Mul Wyman, referred to it after returning from a planning conference in his home city of Philadelphia.

In closing, I would be remiss if I did not extend my thanks to the people who made significant contributions to the budget process. I feel that our department directors deserve much credit for the responsible and faithful manner in which they undertook budget preparation. They were responsive to the parameters established by the Board and myself, and in the process have become the standard bearers of the change that is taking place within this organization. Most importantly, I would like to thank Budget Director J. D. Rowland and his staff of Budget Analysts for the tireless hours they have devoted to fashioning a budget that is fiscally sound, responsive to Board policy, and keenly attuned to the needs of the public whom we serve. The dedication and professionalism they brought to the process made it a truly meaningful and enjoyable experience. A personal thanks also goes to former Internal Audit Director Wanda Greene and Finance Director Brenda Jones for loaning the Budget Office the

financial staff which made this the best and most in-depth budget process for department directors. I am also indebted to Human Resources Director Iris Roberson for providing us with a personnel analyst to sit in on all budget review sessions. Several department directors stated that these loaned staff helped the process to be the smoothest one in memory.

When I was interviewing for the position of County Manager last fall, one message came through very clearly - Guilford County is ready for change. The budget I have presented to you this afternoon is a major step toward effecting that change. While it won't solve all of our problems, it does provide a point of embarkation for the new direction this Board has set. As the organization changes, so will the challenges and opportunities we will confront along the way; I stand here today as a representative of 2,300 individuals in County government who are ready to face those challenges and seize those opportunities.

Today in Guilford County is a time of "¡Nueva esperanza!" It is a fresh beginning where each of us has the chance to bring about positive change for this community and the more than 350,000 people who comprise it. I hope you will keep this in mind as we continue with the process of refining our budget for fiscal year '94-'95. I urge each of you to review carefully the information you have been provided. I and the staff are available to aid you with whatever additional information or assistance you may desire. As your Manager I thank you for the clear and substantive policy direction you have offered, and I look forward to the adoption of our budget and its implementation for the coming year. I remain...

Sincerely yours,

Hector A. Rivera County Manager

GUILFORD COUNTY BOARD OF COMMISSIONERS RETREAT Saturday, January 29, 1994

TOP 25 GOALS/ISSUES

- Taxes
- Collaboration of Human Services
- Increased Intergovernmental Cooperation
- Strategic Plan
- Elder Care Service Issues
- Transportation
- Budget (Increase or Decrease)
- Law Enforcement
- More Contact with Human Services' Boards (minimum of once a year)
- Board of County Commissioners meeting with the Planning Board
- Minority and Women's Purchasing Contracts
- Animal Control Strategies
- Solid Waste Management
- Economic Development
- Effectiveness/Usefulness of County Programs
- Customer Service Excellence
- Options for Reorganization of County Government
- Personnel Policies
 User Friendly
 Adequate Funding of Programs
- Health Care Reform
- Indigent Health Care
- Racial Diversity in the Workplace
- Direction in Dealing with Crime Issues
- Updated Strategies for Watershed Acquisition Condemnation?
- Options for the Prision Farm
- Parks and Recreation

TOP FIVE GOALS AND ISSUES FY1994-95

BOC VOTES	DETAIL OF GOALS AND ISSUES	(INTENSITY)
10	PUBLIC FINANCE	
	- No tax increase	9
	- Tax reduction	3
	 Financing of outside agencies – establish criteria for partnerships 	9
	 Dissolve out—dated County programs and redirect resources — identify programs that "work" 	9
	 No COLA's (Cost-Of-Living-Adjustments) 	5
	- Over-haul Merit Pay Plan	4
	- Over-haul 401(k) program	2
10	ECONOMIC DEVELOPMENT	
	 To provide direct financial aid (Economic incentives) for outside agencies 	7
	 Develop a formula for making decisions on Economic Development (county—wide) 	7
	 Disclosure of funding (include in the budget) 	8
	- Intergovernmental cooperation and communication	7
	 To provide direct financial aid (Economic Incentives for local businesses) 	7
9	LAW ENFORCEMENT AND CRIME PREVENTION	
	 More use of schools (multi-use); encourage volunteer involvement for outside agencies 	7
	- More patrol	7
	- Evaluate the use of current personnel	3
	 Board of Commissioners to attend a workshop on Crime Prevention 	2
	- Intergovernmental cooperation	6

BOC VOTES	DETAIL OF GOALS AND ISSUES	(INTENSITY)
	- Alternative Sentencing Programs	6
	 Develop a resolution to the Legislature regarding certainty of punishment 	6
8	HUMAN SERVICES REFORM	
	Examine the Mecklenburg Plan	10
	 Develop two or more collaborative, interdepartmental models 	3
	 Work with agencies and hospitals relative to indigent care 	2
	 Change the appointment process by the Board of Commissioners to Human Services Advisiory Boards 	3
	 Continue to work on a "Single Portal of Entry" 	8
	 Determine to what extent cost efficiencies can be identified in each department 	9
	- Evaluate TQM as related to Human Services	8
	- Examine Residential Care Program	10
	 Apply to State/Federal governments for waiver of certain welfare mandates 	8
7	INTERGOVERNMENTAL SERVICES/COOPERATION	
	- Comprehensive Strategic Plan	N/A
	- Ensure Process is cost effective and user friendly	N/A

BUDGET HIGHLIGHTS FY 1994-95

POLICY & EXECUTIVE MANAGEMENT

It is the objective of Executive Management to lead Guilford County in the direction of Total Quality Management. Sharing services with cities and enhancing intergovernmental cooperation is a major goal for FY94-95. Guilford County's organizational structure will be continuously evaluated by Executive Management to insure efficiency and effectiveness.

ADMINISTRATIVE SUPPORT & GENERAL GOVERNMENT

Support departments such as the Finance Department, Purchasing, Human Resources, Information Services and Budget and Management will lend assistance to the service departments to enhance the effectiveness and usefulness of programs and services offered by county government. Benchmarks are to be established for service departments that will emphasize outcomes and service levels. Printing services will merge with the City of Greensboro's Graphic Services department.

Although the Commissioners did not identify downsizing as a main goal for the county, recent actions indicate that it is a priority. The budget addresses this issue by in—cluding funds for a downsizing study.

Funding for an on-line purchasing system will reduce the processing time of a purchase requisition from 3-5 days to 24 hours.

In order to achieve the AAA bond rating, the county will need to gradually increase the fund balance percentage to around 13 to 15 percent. The Finance Department emphasized the need to do this in stages, using 11% as a target for this year.

Funds are included for the purchase of 57 voting machines to reduce waiting time at the polls to no longer than 30 minutes. These machines are also needed to begin compliance with an expected state mandate requirement to provide one voting machine per 350 voters. The Board of Elections is planning to acquire a PC-based voter registration system for FY94-95. This project is consistent with the county's overall goal of downsizing computer systems and movement away from mainframe processing.

The Tax Department will begin implementation of GIS Mapping. Recent technological advances have enabled the County to maintain and update maps by utilizing computers.

PUBLIC SAFETY

Funding of nine new patrol positions in Law Enforcement will improve the safety for Guilford County citizens. It allows the creation of two new zones and will enable personnel to lower the response time by two minutes.

The Prison Farm has made improvements in security through training and through the addition of surveillance cameras.

Emergency Services will hire a 911 System Manager to coordinate the implementation and maintenance of the new Computer Aided Dispatch system. The successful installation of this system should enhance 911 services for the county.

Juvenile Detention management and the County Engineer will plan for the immediate construction of a new detention facility that has been planned for several years. County management strives for Guilford's detention center to be a model center with a well—trained staff. Increased detention staffing, clerical staffing, training dollars, and the commitment to the new facility are consistent with this long—range goal.

The Animal Shelter completed the first year of operation in the new facility in June of this year. Changing the image of the Animal Shelter is a priority. The department uses education, healthy animals and a much improved atmosphere to encourage citizens to adopt. Staff also promotes responsible pet ownership. Five full—time positions have been established to convert part—time staff to full—time.

As a result of our shared services efforts with Greensboro, High Point and other municipalities, the Animal Control operation is scheduled for consolidation effective October 1, 1994. This consolidation will bring all animal services under one management for a unified, more efficient customer service.

HUMAN SERVICE

The Human Services' Team, which consist of members from Public Health, Mental Health and Social Services has developed five collaborative strategies for FY 94-95 as follows:

- Increase federal Medicaid revenues to reduce county fund dependence and increase the level of service by out stationing two Social Service/Medical Assistance eligibility caseworkers in Public Health and Mental Health programs.
- 2. To minimize duplicate billings and reduce the risk of Medicaid payback for "At Risk" case management reimbursements by developing policies and procedures to identify the client's primary care—giver.
- 3. To implement an universal intake system so clients can present information at any admission point within the Human Service delivery system that can be shared with other county departments.
- 4. To increase the service level offered to substance abusing pregnant women.
- 5. To secure proper long—term placements for children in the care of one of the three human service departments that are appropriate and cost effective.

The Office of Children's Services has been established to coordinate the delivery of services among the various children's service agencies in the county.

Outreaching to other departments that participate in the well-being of the county's children will present a more accurate picture of needs and will allow a more proactive approach to problem solving.

The Health Department is developing a unitary approach to environmental health by the transfer of two positions from Emergency Services and by hiring two positions to address the problem of underground water contamination and the threat it poses to 88,000 Guilford County residents who depend on groundwater as the sole source of drinking water.

1

Specialized Foster Care is a growing concern for the Department of Social Services. A Task Force and a study group have been established to assess the problem. These placements, although costly, are court ordered and placements in regular foster care situations are not viable due to the behavior of the child. The department will be receiving new IV-A funds which will be utilized for a multitude of services. These funds will be used to support the specialized foster care program.

COMMUNITY DEVELOPMENT

The Board of County Commissioners adopted a Guilford County Economic Development Investment Policy on April 28, 1994 and directed staff to prepare an Industrial Investment Decision Model that will guide future county investments in new and expanding industry.

The Board's commitment to the community development methodology will benefit from the progressive technology developed by the Geographic Information System that demonstrates the latest in automated mapping technology and can be intregrated with the Tax Department and area businesses.

Three positions have been added to Planning and Development to improve customer service by reducing customer waiting time to 30 minutes. Increase in the building and grading fees is being proposed in an effort to recover a larger percentage of the cost of providing services.

Comprehensive planning efforts will begin in FY 94-95 to bring uniformity and long-range planning in Guilford County, inclusive of the municipalities.

EDUCATION

County funds in the local current expense budget will be \$86,000,000 for 1994–95, which is the same amount appropriated for FY 93–94. According to the funding formula in the merger bill, the school board could have received \$6,678,981 more in county funds than it requested in FY93–94 and, if student enrollment increases by 1,000 students, they could also receive \$11,114,996 more than requested in FY 94–95. An amendment to the merger bill is required in order for the school board to request less. The total local current expense budget, including all sources of revenues, is the same as this year (\$95,840,442) and \$1,083,515 less than the three former school systems appropriated in the year prior to merger (1992–93). The per pupil expenditures for FY 94–95 is projected to be \$80.44 less than the FY 92–93 pre-merger amount.

School Board Members unanimously supported and presented to the Board of County Commissioners a two-year proposal that would build one new elementary school, improve science labs and the tech prep program. The Commissioners approved this two-year plan and agreed to appropriate \$6,200,000 in county funds for each of the two years to finance this plan.

In addition to the \$6,200,000 in county funds, the capital outlay budget for public schools is being funded with sales tax of \$7,500,000 and state school facilities funds of \$1,900,000 for a total of \$15,600,000.

There is no change in the capital outlay allocation for Guilford Technical Community College.

INTERNAL SERVICES FUND

Internal Services consists of departments which provide goods and services for other departments. The separation of these service departments into a seperate fund provides meaningful cost benefit reporting of the services actually being rendered, along with a basis of comparing the costs of obtaining goods and services from county departments to the costs of obtaining those same goods and services from outside vendors. Revenues to support internal services departments are derived from the fees charged to the departments for the services rendered.

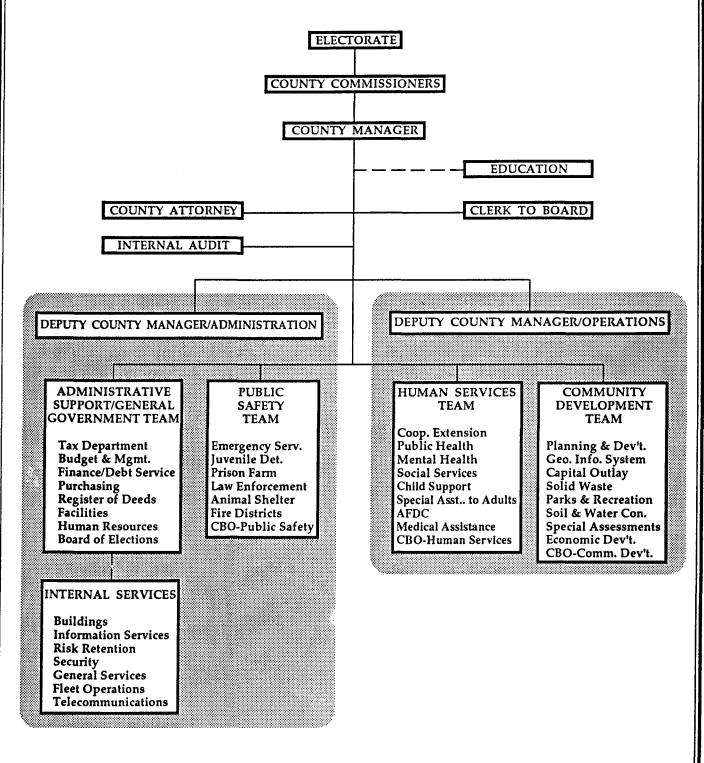

CAPITAL OUTLAY

This section contains a detailed listing of all capital items approved to be purchased by each department for the new budget year.

The Office of Budget and Management wishes to acknowledge everyone who participated in the preparation of this document and extends its staff to you for further information and explanation.

CLERK TO BOARD

MISSION STATEMENT: To attend all Board meetings, record and transcribe minutes producing a permanent record to be carefully safeguarded for future use. An Ordinance book is required, separate from the official source of information regarding actions taken by the Board. The Clerk is responsible for notifying interested parties of Board actions, and must keep available, for public examination, all documents, maps, and minutes presented to or considered by the Board. Preparation of agenda, advertising all legal notices of public hearings and other issues as required by law. The Clerk must attest all contracts, deeds, bonds and other legal documents.

INTERNAL AUDIT

MISSION STATEMENT: The primary purpose of internal auditing is to assist county management in the efficient and effective discharge of their responsibilities by furnishing them with objective insights, analyses, appraisals, observations, and recommendations for improving controls, staff utilization, and processes within the organization. Internal auditing monitors managements' business integrity, operational efficiency and effectiveness, and financial reporting accuracy. Our overall objective is to help the organization and its employees do things right the first time. We must be collaborative, participative, strategic, non—threatening, and helpful.

TAX

MISSION STATEMENT: To list, appraise and assess real and personal property taxation, and to collect property taxes levied by the Board of County Commissioners. The revenue collected after equitable valuations are established is necessary to support the variety of services which the County government provides its citizens. The new procedure for taxing motor vehicles must be implemented in accordance with State law. The County Tax Department collects taxes for Jamestown, High Point, and merged offices with the City of Greensboro effective 7/1/93.

FACILITIES	PRE-TRIAL RELEASE

MISSION STATEMENT: To assist in the management of the pre—trial jail population in an attempt to stablize the growing population while insuring public safety. Pre—trial offers objective and factual information to the courts so that reasonable and appropriate bonds can be set. Pre—trial also assists in communication between the jails and the court system to allow for better coordination and movement of jail cases. Funds are available to expand services to include High Point for FY94—95.

Department

JUVENILE DETENTION CENTER

MISSION STATEMENT: To provide safe and secure custody of all detained juveniles while they are awaiting their initial court appearance or other disposition by the court. Every effort is to be made to meet their emotional, medical, educational, nutritional, and personal needs. To this end, our agency will be mindful that we are a tax supported agency and will make every effort to render quality service in the most cost-efficient manner.

BUDGET SUMMARY

DEPARTMENT

PRISON FARM

MISSION STATEMENT: The Prison Farm is a unique alternative sentencing program which allows non-violent prisoners to serve time in a local setting. By allowing these prisoners the opportunity to participate in on-the-job programs, they are exposed to the value of work and provide a labor resource which is of economic value to the community. The Farm provides mowing services for schools and various County owned facilities.

The Prison Farm also operates a program which allows "weekend" prisoners to serve time whenever they are not working which allows them to ramain productive members of society. This also alleviates crowding at the County jail.

BUDGET SUMMARY

Department	Program/Activity
LAW ENFORCEMENT	Automated Fingerprint Identification System

MISSION STATEMENT: Through a Grant from the Governor's Crime Commission, the Sheriff's Department has purchased a Latent Fingerprint Workstation that is connected to the State Bureau of Investigation AFIS system. This system would provide direct access to the SBI 10-print fingerprint files and provide AFIS support for this region. This workstation will enable investigators to identify suspects in a reasonably short period of time, enhance the agencies investigative capabilities, and assist in successfully prosecuting criminal cases.

This project would address the problem of improving the quality and speed of the process of identifying unknown suspects by means of latent fingerprint evidence found at crime scenes.

This department is supported by a AFIS Intake Clerk, AFIS Operator and a AFIS Examiner.

BUDGET SUMMARY

Department

ANIMAL SHELTER

MISSION STATEMENT: To humanely impound stray, lost animals until their owners reclaim them. To humanely dispose of unclaimed/unwanted animals via adoption of healthy animals to the public and to euthanize the unhealthy animals by I. V. injection. To house stray animals known to have bitten a human or domestic pet for 10 days for rabies observation then humanely euthanize them. To house animals confiscated during cruelty investigations pending the legal outcome. To educate the public in responsible pet ownership and animal control laws.

Effective 10/1/94, the cities of Greensboro and High Point will combine Animal Control services with Guilford County in a cooperative effort to increase and simplify service delivery, improve service quality and allow for a long—range plan to help reduce animal care cost and animal control in the future.

Fire Districts

MISSION STATEMENT: There are twenty—two fire districts within rural Guifford County. The fire departments strive to provide quality fire protection to the citizens of Guifford County, and are staffed largely with volunteers. The departments also provide assistance to Guifford County Emergency Services with automobile accidents, sick calls, first aid, traffic control, and many other functions.

PUBLIC HEALTH	Adult Health Care

MISSION STATEMENT: The specific mission of the Adult Health and Communicable Disease Control Division is to prevent/control infectious diseases and chronic illnesses in adults/children, providing a broad range of high quality services and programs. The Administrative Unit oversees the services delivered by the Division. The Infectious Disease Prevention and Control Unit provides and/or assures quality services through its six program areas as well as by networking with other health care and related agencies. The Community Health Response Program provides services to the frail elderly and disabled adults who fall in gaps of the health care system. The Adult Dental Program provides treatment for pain relief and/or infection. The Health Education Unit provides effective education services to prevent the spread of infectious diseases and the development of chronic diseases. Project ASSIST conducts health education interventions to prevent and reduce tobacco use among children and adolescents, pregnant women, and people who want to quit (Interventions

PUBLIC HEALTH	Outpatient Services
TOBER TIERETTI	Outpatient del vices

MISSION STATEMENT: The primary purpose of the High Point Outpatient Clinic is to provide primary, comprehensive, medical care to the adult indigent population in the High Point community. The medically indigent patients represent a compounded picture of multiple and complex diagnoses interwoven with numerous socio—economic problems. *It is a recognized fact that the medical indigent defer needed preventive care. Much hospital care for the medically indigent is preventable or avoidable. The benefit to be recognized in providing this services is positive health outcome on the community, county, and state by preventing, reducing, or minimizing overall total numbers of patients being admitted for in—patient hospitalized care, nursing home care, and renal dialysis. An assessment of the costs for such admissions quickly speak to the cost—benefits and resource—maximization of an outpatient program for the medically indigent.

PUBLIC HEALTH	Tuberculosis	•

MISSION STATEMENT: The Tuberculosis Control Program services are set up according to the standards and guidelines set forth by the Division of Health Services and are mandated by N. C. GS 130A-139, 141, 177 and T15A:25.0214 NCAC. The ultimate goal of the program is to revent and control tuberculosis and related problems resulting from this disease. A health educator working in communicable disease control has been added through this program funding. This program provides health education interventions, such as presentations, community coalition meetings, special events, and trainings.

BUDGET SUMMARY

Department	Program/Activity
MENTAL HEALTH	Substance Abuse

MISSION STATEMENT: It is the mission of GreenPoint and SASG to provide a continuum of services for children, adolescents, adults, and their families in Guilford County who are impacted by the use and abuse of alcohol and other drugs. These services must be made available for all citizens of our community. In order to provide these services we will remove barriers, reach out to clients, address needs with cultural sensitivity, and work as efficiently and effectively as our resources allow.

PERFORMANCE MEASURES:	FY93	FY94	FY95
To increase services to adolescent & adult	GreenPoint N/A	16	85
pregnant females and drug exposed babies	SASG N/A	N/A	15
To increase outreach services to the homeless by 266%	GreenPoint N/A	30	80
To increase services to clients involved in the Juvenile Detention System by 200%	GreenPoint 47	105	210
To increase utilization of services to adolescents and their families by 135%	GreenPoint 280	358	483
To increase the collection of client fees by 5%	SASG \$338,449	345,276	362,540

COMPARATIVE ANALYSIS OF SCHOOL BUDGET LOCAL CURRENT EXPENSE FY1994-95

	AMOUNT BUDGETED FY1992-93	AMOUNT BUDGETED FY1993-94	AMOUNT BUDGETED FY1994-95
County Appropriations	69,074,568	86,000,000	86,000,000
Appropriated Fund Balance	17,633,680	6,000,000	4,300,000
Other Revenues	10,215,709	3,840,442	5,540,442
TOTAL	96,923,957	95,840,442	95,840,442
AVERAGE DAILY MEMBERSHIP	53,512	54,373	55,373
APPROPRIATIONS PER STUDENT	\$1,811.26	\$1,762.65	\$1,730.82

For the school year 1994–95, the merged school board is appropriating \$1,083,515 less than the amount that the three former school systems appropriated in the year prior to merger (1992–93). This has been done while absorbing an increase of 1,800 students over that same period of time. It is also significant to note that per pupil expenditures for FY94–95 are projected to by \$80.44 less than the FY92–93 pre-merger amount.

CALCULATION OF MERGED SCHOOLS PER PUPIL AMOUNT BASED ON MERGER BILL FORMULA

	FY89-90	FY90-91	FY91-92	FY92-93	FY93-94	FY94-95
Total Per Pupil Amount	\$1,488.99	\$1,488.99	\$1,578.33	\$1,673.03	\$1,673.03	\$1,706.49
Salary Increase %	0.00	1.06	1.06	1.00	1.02	1.03
Total Per Pupil	\$1,488.99	\$1,578.33	\$1,673.03	\$1,673.03	\$1,706.49	\$1,757.68
Projected ADM					54,373	55,373
Required Per Pupil Amount				_	1,706.49	1,757.68
Required Merger Bill Funding					92,786,981	97,328,015
Amount Requested				.	86,000,000	86,000,000
Difference					6,786,981	11,328,015

According to the funding formula in the merger bill, the school board could have received \$6,786,961 more in county funds than it requested in 1993—94 and can also receive \$11,328,015 more than it is requesting in 1994—95. The total savings to the taxpayers over that two year period of time is estimated to be \$18,114,996.

INFORMATION SERVICES

MISSION STATEMENT: To provide quality, cost—effective information services to assist the County, schools, and GTCC in fulfilling their operational responsibilities and delivery of services to the public by:

Operating the centralized computer center, providing technical support, and managing communication networks.

Implementing and maintaining information systems and application software products on multiple hardware platforms to support County departments.

Providing support and training for PC systems, office systems, and end-user computing to develop greater self-sufficiency of end-users.

Informing County management of major information technology trends and the potential use of new technologies in fulfilling the goals of the County.

^{*}Vans

^{**}This vehicle will not be ordered and the money used to cover additional cost of vehicles.

Per Jerry Clark, all capital outlay has been ordered and with the budgeted amounts along with balance of funds from the other items, there is sufficient money in the codes to cover the increase cost of vehicles.
