

"FUN FOR ALL" PLAYGROUND

Our playground fundraising campaign began with a group of concerned parents, who approached the Hagan-Stone Park management with an offer to raise money for play equipment to be used by children of all abilities. Currently, much of the play equipment in the park complies with the American with Disabilities Act (ADA), but is not fully-accessible for children with mobility limitations. As a result, a playground committee was formed to investigate acquiring new handicap accessible play equipment.

As more diverse playground concepts and designs have been developed and evaluated, the committee is now asking for community support to make this playground a reality. Only with your help will we be able to provide an accessible playground for all children to enjoy, including our Camp Joy participants.

On behalf of our community, thank you for your help in making Hagan-Stone Park "fun for all!"

Proposed playground amenities include:

- Wheelchair accessibility to more levels
- Six different slides
- Swings
- Rock walls for climbing
- Activity panels at different levels
- Playground to be surrounded by a walking path for aerobic conditioning
- Benches for parents and children to rest

HERE'S HOW YOU CAN HELP!

We invite you to join our community fund-raiser to build a fantastic handicap accessible "Fun for All" playground at Hagan-Stone Park for children of all abilities. The new playground will include large ramps for wheelchair accessibility and lots of creative play equipment for the kids! Your tax-deductible contributions will help generate funds to make this playground a reality. Large or small, donations in any amount will be deeply appreciated by all of the children!
