

Rock Creek Area Plan

2016 UPDATE

Public Meetings

ROCK CREEK

Tuesday, October 13, 2015
4:00 - 7:00 PM
Whitsett Fire Department
809 NC Highway 61
Whitsett, NC 27377

SOUTHERN

Thursday, October 15, 2015
4:00 - 6:30 PM
Pleasant Garden Town Hall
4920 Alliance Church Road
Pleasant Garden, NC 27313

SOUTHWEST

Monday, October 19, 2015
4:00 - 7:00 PM
Jamestown Town Hall
301 E. Main Street
Jamestown, NC 27282

NORTHEAST

Tuesday, October 27, 2015
4:00 - 7:00 PM
McLeansville Fire Department
5326 Frieden Church Road
McLeansville, NC 27301

ALAMANCE CREEK

Thursday, October 29, 2015
4:00 - 7:00 PM
Church of Christ
Presbyterian Church
5401 Liberty Road
Greensboro, NC 27406

NORTHERN LAKES/ NORTHWEST

Monday, November 2, 2015
4:00 - 7:00 PM
Summerfield Town Hall
4117 Oak Ridge Road
Summerfield, NC 27358

Guilford County Area Plan

2016 UPDATE

Executive Summary

Consistent with the Guilford County Comprehensive Plan, Future Land Use Element Objective 1.1, the County Planning Department prepared updated 2016 Future Land Use Maps for Alamance Creek, Northeast, Northwest, Northern Lakes, Rock Creek, Southwest, and Southern Area Plans through Calendar Year 2016. The updates reflect input from public meetings and other jurisdictions with planning interests in the designated areas, and implications of recent property rezonings and state and local policy changes. Additionally, this update incorporates a Future Land Use Compatibility Matrix that serves as a guide and overview when considering land development requests. The Guilford County Board of Commissioners adopted the revised maps on September 1, 2016 followed by approval of additional updates on July 13, 2017.

Process Overview

Preparation of the updates began in 2014. County staff compiled data on property rezonings between 2007 and 2014, existing environmental and physical conditions, and changes in planning jurisdictions. Staff also consulted with local jurisdictions with overlapping planning areas. In Fall 2015, six (6) public input meetings were held around the County so stakeholders could review the information and share their vision and concerns about growth in their areas of interest. Each meeting was promoted at least two (2) weeks in advance by mail or email notifications to previous plan participants, area churches, and local officials in the areas. A press release was distributed to local media through the County's email distribution contact list. Notices were posted on the County social media pages, and flyers were posted at area churches, institutions, businesses, and other high-traffic locations within each planning area. Area Plan Maps and other information were also made available to the public on a walk-in basis at the Guilford County Planning & Development Department throughout the update process. Public meeting dates and locations are listed to the left.

All meetings were conducted using the same open house format. County staff was present to explain the planning process and listen to stakeholder ideas and concerns about growth. The agenda included a meet and greet, a brief welcome to open the meeting, a description of growth influences, and individual or small group discussions between County staff and residents about land use and zoning changes since the last plan update. Finally, a questionnaire was distributed to meeting attendees. Attendance for each meeting ranged between 5 and 23 people. The total attendance for all meetings was 74 people.

The questionnaire contained the following four questions and space for open-ended comments.

1. What areas or nodes in the plan require detailed study to address special concerns (appearance, economic development, conservation)?
2. What are your 3 main concerns about growth in the study area?
3. Describe type of growth (e.g. residential, commercial, mixed use, etc.) you would like to see in 10 years.
4. Where would you like to see commercial and service needs of area locate?

Summary of Public Input

Below are the common themes that emerged from the responses to the questionnaire.

1. Plan Implementation
2. Watershed Protection
3. Economic Growth and Development
4. Essential Services Provision

After all the public meetings were concluded, County staff prepared draft Future Land Use Maps guided by jurisdictional changes, property rezonings, and public input. The County and City of Greensboro planning staffs collaborated to identify parcels within shared planning areas of interests with conflicting land use classifications. Six (6) Areas of Inconsistency (see Table below) were identified on the draft County Future Land Use Maps. At its August 10, 2016 meeting, the Planning Board held a public hearing on the draft maps and recommended adoption to the Guilford County Board of Commissioners. Additionally, the maps were available for public view at the County Planning and Development Department prior to final approval/adoption.

Table 1: Areas of Inconsistency Between City of Greensboro and Guilford County Future Land Use Designations

Area	Applicable Area Plan	City Future Land Use	County Future Land Use
A	Southern	Industrial/Corporate Park and Interim Corporate/Business Park (+/-166.4 AC)	Rural Residential
B	Southern	Potential Employment Centers Pending Future Study (+/-935.1 AC)	Residential
C	Alamance Creek	Mixed Use Commercial and Moderate Residential 5-12 DU/AC (+/-136.0 AC)	Residential/Special Study Area
D	Rock Creek	Potential Employment Centers Pending Future Study (+/-861.0 AC)	Rural Agricultural
E	Northeast	Potential Employment Centers Pending Future Study (+/- 311.0 AC)	Ag/Rural Agricultural
F	Northeast	Industrial/Corporate Park (+/- 33.1 AC)	Rural Agricultural

Finally, the maps were presented at a public hearing before County Board of Commissioners on September 1, 2016. After the hearing, the Commissioners adopted the 2016 Updated Area Plans as recommended by the Planning Board. The Future Land Use Maps will be reviewed and updated annually to maintain zoning consistency and land use designations within each County Area Plan.

The Rock Creek Area Plan was originally adopted in 1988 and initially updated in 2007. The Guilford County Board of Commissioners' adoption on September 1, 2016 represents updates from 2007 through 2015. A public input meeting was held on October 13, 2015 at the Whitsett Fire Department and attended by twelve people.

Key Events

- Proposed Sewer Pump Station Facility
- Watershed Conservation
- Development of Economic Growth Corridor
- Updated Greensboro Urban Area Metropolitan Planning Organization (MPO) 2015 Bicycle, Pedestrian, and Greenway Master Plan (BiPed Plan) - November 2015

Summary of Plan Alterations

1. Plan Area Boundary Changes

The Cities of Greensboro and Burlington annexed a combined 1125 total acres from the planning area between 2007 and 2016. Burlington incorporated about 894 acres adjacent to Big Alamance Creek in support of watershed conservation efforts. Greensboro's most substantial annexation involved residential and industrial areas near Mt. Hope Church (SR 3045) and Stewart Mill Road (SR 3124) intersection. Table 2 shows annexations by acreage in the planning area since 2007.

**Table 2: Annexations/ETJ Extensions
in the Rock Creek Area**

Year Annexed	Acreage	Percent
2007 to 2010	218	19%
2011 to 2013	894	80%
2014 to 2016	13	1%
Total 2007 to 2016	1125	100%

2. Transportation/Infrastructure

The Greensboro MPO provides transportation planning services to the area. No major highway improvements are scheduled in the current Greensboro MPO Metropolitan Transportation Improvement Plan (MTIP) as of September 2015. New greenways and trails are recommended in the updated Greensboro (BiPed Plan) adopted in November 2015.

3. Land Use Elements

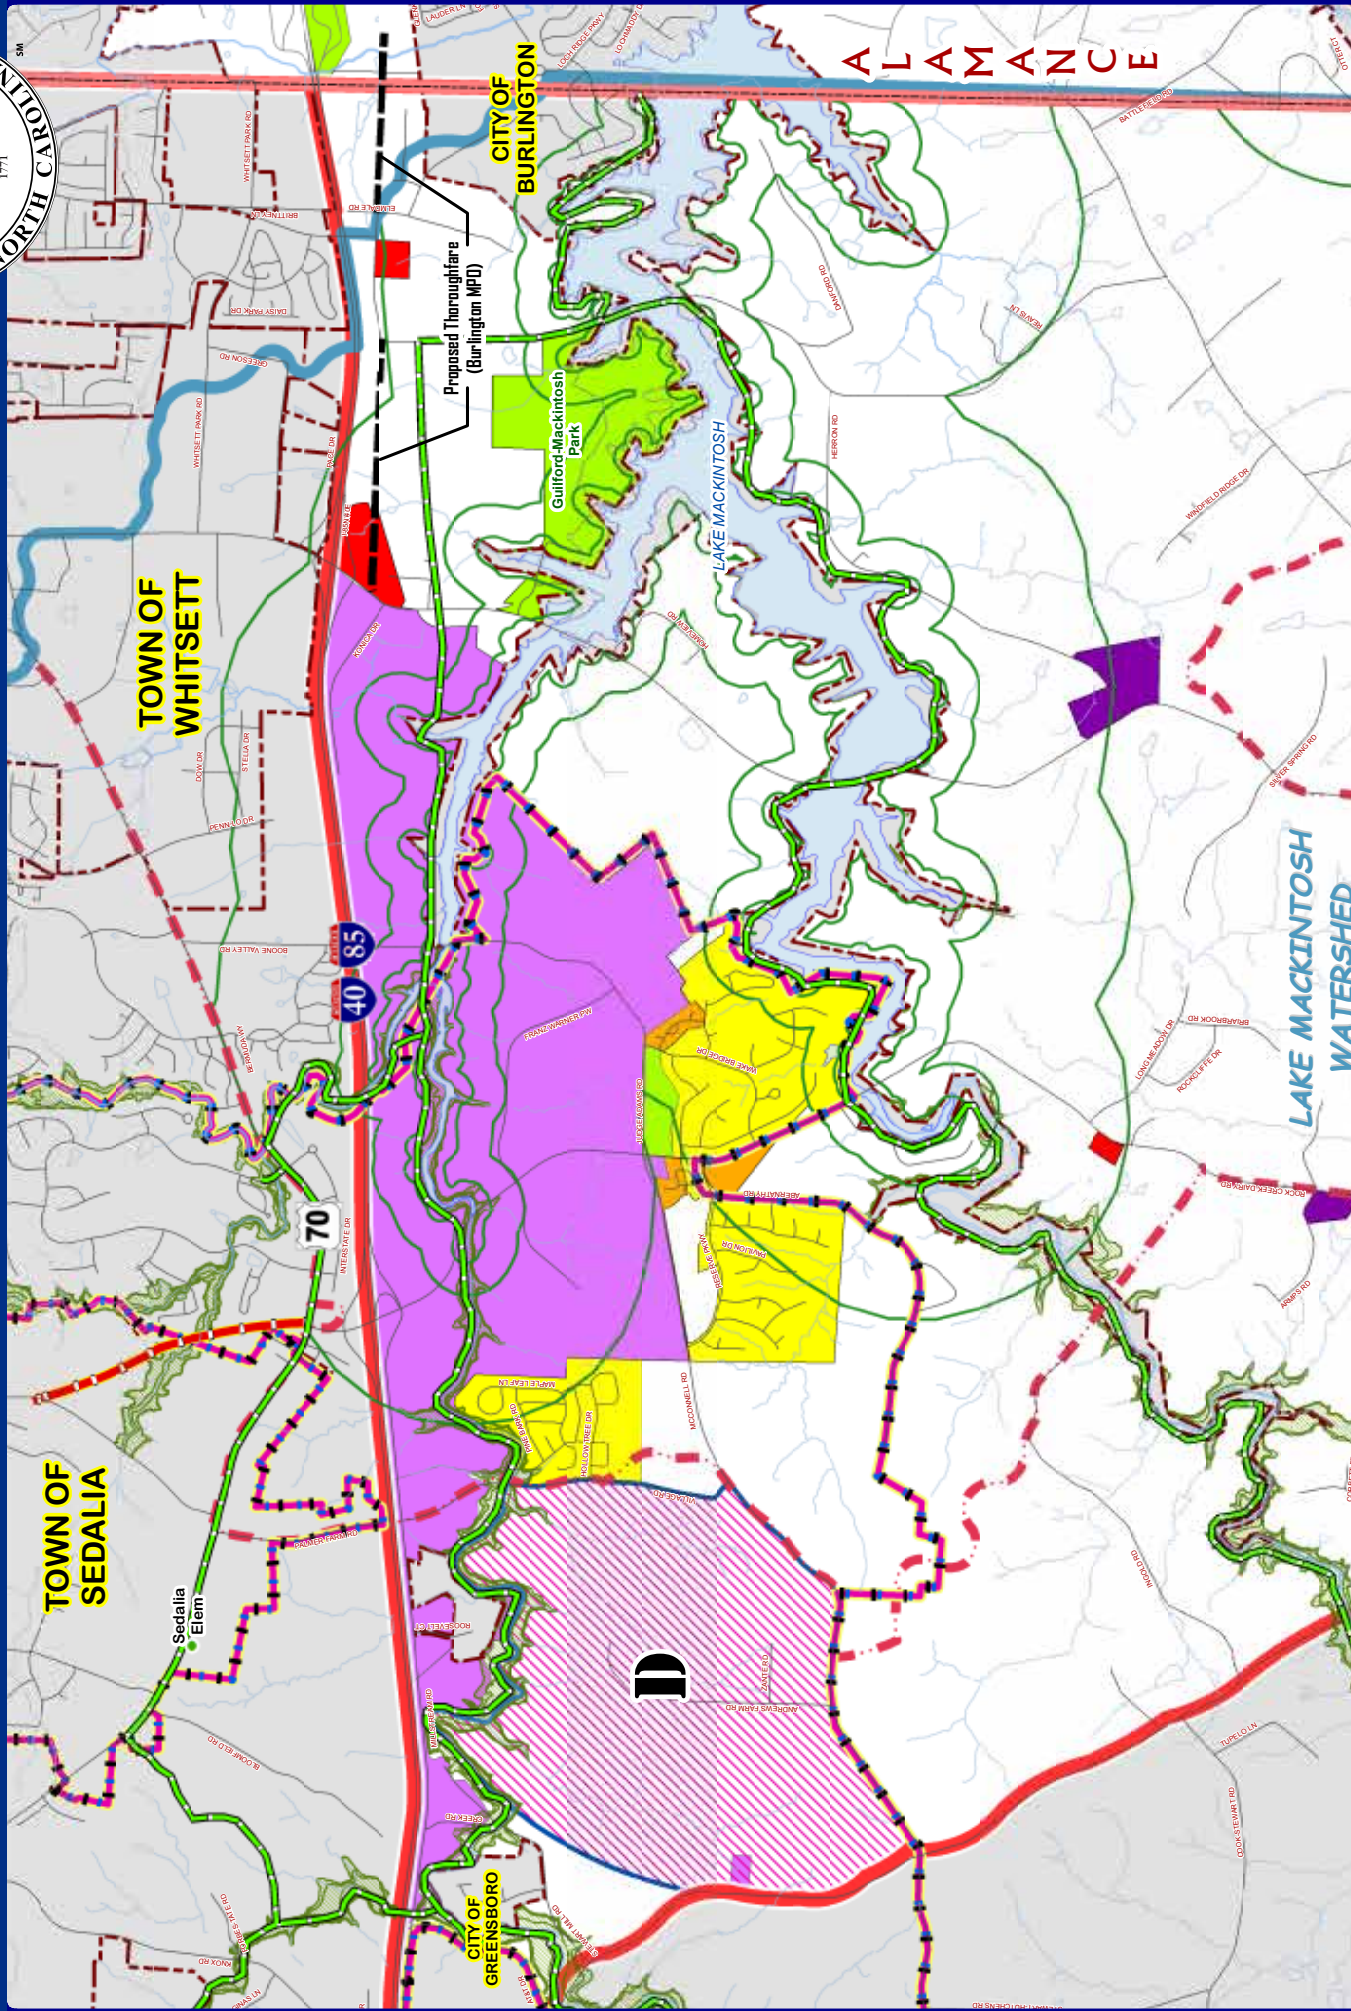

The Rock Creek planning area has one (1) Area of Inconsistency labeled as Area **D** on the updated map. Area **D** covers 861 acres off McConnell Road (SR 3000) and Andrews Farm Road (SR 3074). The City of Greensboro designates the area as a Potential Employment Center while the County designates it for agricultural and residential uses.

The Future Land Use Map was updated to maintain consistency with recent zoning changes. From 2007 to 2014, almost 232 acres of land were rezoned in the Rock Creek area. The most significant change was to 171 acres that were rezoned from Agricultural (AG) to Planned Development-Mixed Use (PDM). Specifically, three (3) rezoning cases required adjustments to the Future Land Use Map to resolve conflict with the previous map classifications. Table 3 below shows the acreage of rezonings approved between 2007 and 2016. No new zoning requests were approved since early 2015.

Table 3: Rezoning in the Rock Creek Area • Calendar Years 2007 - 2016

Rock Creek		2007-2014			2015-2016
		Acres Rezoned	% of Total	Countywide %	
From	AG	199.41	86.05%	16.59%	NO REZONINGS
To	RS-30	27.00	11.65%	2.25%	
	LI	171.00	73.80%	14.22%	
	PDM	1.41	0.60%	0.12%	
	RS-30	0	0%	0%	
From	PDR	30.00	12.95%	2.49%	
To	AG	30.00	12.95%	2.49%	
From	LB	2.29	1.00%	0.19%	
To	RS-40	2.29	1.00%	0.19%	
Total Acreage		231.70	100.00%	19.27%

Future Land Use Compatibility Matrix

The Future Land Use Compatibility Matrix (see Table 4) is intended to serve as an overview to help guide land development requests. Each land use category is supported by zoning districts contained in the Guilford County Development Ordinance and provides a comparison of land use categories and the County's existing zoning districts.

**Table 4: Future Land Use Compatibility Matrix in Rock Creek Area
Agricultural & Single-Family Residential Districts**

AGRICULTURAL & SINGLE-FAMILY RESIDENTIAL DISTRICTS									
Zoning Districts	AG	RS40	RS30	RS20	RS15	RS12	RS9	RS7	RS5
Min. Lot Size (ft. ²)	40,000	40,000	30,000	20,000	15,000	12,000	9,000	7,000	5,000

Legend Definitions

As one of the earlier Guilford County Future Land Use Plans, land use categories were designed to be much simpler than many of the later plans that divide land use categories by intensity of use within each category.

Areas of Inconsistencies. Designated areas where the recommendations of the Future County Land Use Plan are inconsistent with those in the Greensboro Future Land Use Plan. The Greensboro and County planning staffs agreed to consult on future rezoning cases within designated areas of inconsistencies for comments before a final decision on rezoning applications. See Area of Inconsistency **D** on Rock Creek Future Land Use Map.

Agricultural Rural Residential (AGRR). Designated to recognize land currently zoned, or recommended for future agricultural and residential. Anticipated land uses are those permitted in the Agricultural (AG), RS-40 Residential Single-Family, RS-30 Residential Single-Family, Planned Unit Development-Residential (PD-R), and Rural Preservation (RPD) zoning districts.

Residential Single Family. Designated to recognize land currently zoned, or recommended for future residential uses. Anticipated land uses are those permitted in the Agricultural (AG), RS-40 Residential Single-Family, RS-30 Residential Single-Family, Planned Unit Development-Residential (PD-R), and Rural Preservation (RPD) zoning districts.

Residential-Multi Family. Designated to recognize land currently zoned, or recommended for future multi-family residential uses. Anticipated land uses are those permitted under the Guilford County Development Ordinance's Residential Multi-Family (RMF) zoning districts. Public water and sewer are necessary to rezone to the Multi-Family districts.

Moderate Commercial (MC). Designated to recognize land currently zoned, or recommended to be zoned for future commercial. Anticipated land uses are those permitted under the Guilford County Development Ordinance General Office-Medium (GO-M), Highway Business (HB) and General Business (GB).

Light Industrial (LI). Designated to recognize land currently zoned, or recommended to be zoned Light Industrial (LI) that is or could be developed under the LI standards of the Guilford County Development Ordinance.

Heavy Industrial (HI). Designated to recognize land currently zoned, or recommended to be zoned Heavy Industrial (HI) that is or could be developed under the HI standards of the Guilford County Development Ordinance.

Public Institutional/Open Space. Designated to accommodate mid- and large-sized public, semi-public and institutional uses (PIOS) which have a substantial land use impact or traffic generation potential. The Open Space designation is used expressly for preservation of open space, and is not intended for development.
